## **INTRODUCTION**

The Trans-Canada Alliance of German Canadians was incorporated in 1952 to serve as an umbrella organization for German organizations across Canada. It grew out of the Canadian Society for German Relief and the co-operative effort by German Canadians to extend aid to war-devastated Austria and Germany after the war. The organization seeks to promote good citizenship among Canadians of German ancestry, while maintaining their cultural heritage. It promotes cultural exchange between Canada and Germany, as well as aids, stimulates or sponsors German language schools, German choirs and sports clubs. The organization also seeks to serve as spokes-person for German organizations across Canada and to present their interests in dealings with government or with non-governmental organizations.
