Government Departments and Agencies Series	1-4
Subject Series	4-10

INTRODUCTION

The Jake Froese Collection

The collection has been arranged in two series which relate to the concerns and issues he addressed during his parliamentary career.

The Government Departments and Agencies Series is arranged alphabetically by department or agency with programs or subjects located within. For example, the New Horizons Program would be located under the heading: Health and Welfare.

Some files have the name of a government department or agency and then are followed by the word "pending". These files, for the most part, contain correspondence regarding cases which were in the process of being completed when the 1980 election was called.

JAKE FROESE
