APPENDIX "A": CENTRAL REGISTRY SERIES - SUBJECT GUIDE TO THE NUMERIC SYSTEM	A-1

INTRODUCTION

The finding aid to the Royal Canadian Legion fonds consists of six parts. Part I contains an inventory of the fonds, a topographical file list, and an appended subject guide to the numeric filing system used in the Central Registry series. Parts II to VI are subject indexes (prepared by the Legion) to the minute books of the Legion and its predecessor, the Great War Veterans Association.

Note on Use of Subject Index to Minute Books (Parts II to VI)

Researchers should be aware that the word "volume" is used in two separate senses in this finding aid. In the left column of the topographical file list in Part I, the volume number refers to the National Archives box number. In Parts II to VI (the subject index to the minute books), the entries refer to a volume number; these references are to minute book volume numbers, not to National Archives box numbers.
