C. INDEX CARDS

Note: This series consists of nominal indexes, prepared by Mr. Clarke's staff, to the correspondence files in the subject files. They are organized in five temporal units, corresponding to the five units in the subject files: 1974 - ca. August 1976; ca. September 1976 - May 1979; ca. June 1979 - February 1980; ca. March 1980 - October 1982; ca. November 1982 - August 1984.

Not all of the index cards correspond to letters found in the collection. A number of files of routine correspondence were deleted from the collection in the course of organization, particularly under the following subject heads: invitations, letters of condolence, letters to the editor, personnel files, resumé.

In some cases file titles in the collection differ from those found on the file cards. Where there are difficulties in finding specific topics named on the index cards, researchers should consult the index to the finding aid found on page 44 of the finding aid.
