## INTRODUCTION

The Gordon Robertson fonds consists of material generated and acquired by Robertson during his career as a public servant from 1941 to 1979. Series and sub-series were created in relation to the various stages of Robertson's career. Titles for these series are intended to reflect the rationale for grouping particular documents together. A series or sub-series title may relate to the office held at the time by Robertson (e.g. *Privy Council Office*), the type of material (e.g. *Diary Copies*), or the subject matter (e.g. *The Constitution*).

Within these series, the original order of files and of documents within those files has been maintained as much as possible; therefore the material is arranged in reverse chronological order, with the most recent files appearing first. Within each file, items with the latest date appear first and documents generated at the earliest date appear last.

In five of the eight series -- *External Affairs*, *Prime Minister's Office*, *Privy Council Office*, *Northern Affairs* and *Quebec* -- the files are arranged alphabetically by title. In the other three series - *Cabinet*, *Diary Copies* and *The Constitution* -- the files have been arranged according to the year, then by month and after that, alphabetically by file title.

The Inventory Entry (copy included in this finding aid) provides more detail on the arrangement and description of each series and identifies major subjects within each series and sub-series. The content of files labelled miscellaneous or personal is also indicated in the Inventory.

Original file titles have been retained except where a change in wording indicated more clearly the contents of a file or helped to maintain consistency among file titles. Constitutional conferences were referred to by a variety of names. Correct names for conferences appearing on file labels in *The Constitution* series were obtained from the publication Federal-Provincial First Ministers' Conferences 1906-1985, published by the Canadian Intergovernmental Conference Secretariat in Ottawa in 1986. Also consulted was the Secretariat's publication, The Constitutional Review 1968-1971: Secretary's Report, published in 1974.
