INTRODUCTION

This fonds consists of 174 volumes organized into seven series: Trade and Commerce (primarily organized alphabetically); External Affairs (primarily organized by file block numbers, and with a partial index at the end); Liberal Party; Privy Council Office; Member of Parliament; Personal; and Post-Political. In recognizing these series, the original order of the records has been respected. The great majority of this fonds is concerned with Sharp's political career and documents his involvement with the Liberal Party, his role as Member of Parliament and his tenure in some of the key cabinet positions during the 1960s and 1970s. No records were identified reflecting his activities as Minister of Finance.

This fonds represents several accessions of documents which were placed on deposit with the National Archives. In 1986 and in 1999, Mr. Sharp officially gave these records to the Archives.

Assorted photographs and maps were transferred to the Visual and Sound Archives.
