Government Policy Memoranda Series, 1940	11
Miscellaneous Subject Files Series, 1936-1958	12

INTRODUCTION

This fonds was originally received in 1968 as part of a transfer from the Liberal Federation of Canada. Several distinct bodies of papers were distinguished among the Federation's records -one of those being the papers organized or created by Norman Lambert.

The Lambert fonds has an extent of .920 metres, and is divided into nine small, but distinct, series. These are: general correspondence (organized alphabetically by author or subject of correspondence); National Liberal Federation organization; finance; requests for assistance; requests for appointments; newspaper clippings; wheat; government policy memoranda; and miscellaneous subjects. This structure was implicit in the organization of the records, and was respected in the ordering of the fonds.

Some additional Lambert papers, concerning his involvement with the Canadian Council of Agriculture, are held by Queen's University.
