## INTRODUCTION

The souvenir series of the William Lyon Mackenzie King collection contains a wide range of items relating to his personal and political activities. The series also reflects Mackenzie King's interest in historical documents relating to the career of his grandfather William Lyon Mackenzie and in the Royal Tour of 1939.

The finding aid is arranged by subject and provides a detailed list for most items. The numbers in square brackets [ ] indicate the number of items in each file. Oversize material, vols.16-18 must be ordered by both volume and file number. The recipient of material transferred outside of the Manuscript Division is provided.
