INTRODUCTION

A microfilm copy of The Robert Todd Lincoln Collection of the papers of Abraham Lincoln (1809-1865) was presented to the Public Archives in 1959. The papers, contained on 99 reels of microfilm (M-371 to M-464), are arranged chronologically. They are indexed by name of the writer and recipient of the letters as shown in the attached publication by the Library of Congress entitled Index to the Abraham Lincoln Papers (Library of Congress, 1960). The index has been filmed and is contained on five 16 mm. reels (M-1-1 to M-1-5).

B 5

LINCOLN, Abraham (1809-1865) American President.

Microfilm, 1790-1916, 99 Reels (M-371 to M-464).
Finding aid no. 137.

Abraham Lincoln (1809-1865), President of the United States, 1860-1865, was admitted to the bar in 1836, served four terms as representative in the state legislature, and represented Illinois as a Whig in Congress in 1849. He contested a place in the U.S. Senate in 1858, running against Stephen Douglas, and lost. He was elected president as a Republican in 1860 and continued in office throughout the American Civil War. A week after the surrender of the main Confederate Army, Lincoln was assassinated by John Wilkes Booth.

Microfilm copy presented in 1959 by the Library of Congress, in whose custody the collection is presently found.

Finding aid no. 137 is a nominal index, listing names of writers and recipients of letters, first alphabetically then chronologically. It was published in 1960 by the Library of Congress. The index is also available on microfilm (reels M-1-1 to M-1-5).

The collection was assembled by Robert Todd Lincoln and arranged in chronological order. Microfilm reel M-371 contains a list correlating volumes and mounting sheet numbers as well as an explanation of the procedures used in arranging and cataloguing the collection.
