## INTRODUCTION

Notes on the arrangement and description of the collection

The papers of Sir John Harvey were arranged in three series, as outlined in the inventory entry (page iii).

The Shelf list which follows (pages iv-v) provides summary volume titles which identify the contents in general terms, as well as a correlation of obsolete and current volume numbers. The shelf list is the sole description for volumes 8-13.

The necessity for using Series numbers was eliminated in 1976, through use of a single sequence of volume numbers. Please note that while the description for volumes 1-2 (see pages 1-35) provides the volume number, that for volumes 3-7 (pages 36-93) provides only page numbers and the researcher must consult the shelf list to identify volume numbers before requesting the material.

The recommended form of citation is as follows:

initially - Public Archives of Canada, Sir John Harvey Papers, MG 24, A 17, vol. 3, pages 286-289,  
Lord Gosford to Harvey, 13 June 1837.

subsequently - PAC, MG 24, A 17, vol. 3, p. 342, Walcott to Harvey, 18 July 1837.
