

KEMP, HUBERT RICHMOND, 1928-1934; 1946-60. 9 feet.

The economist and civil servant H.R. Kemp (1894-) received his university education at the University of Toronto (B.A. and M.A.) and the London School of Economics. Between 1920 and 1945 he served on the staff of the Department of Political Economy, University of Toronto, and from 1945 until 1950 on the staff of the Department of Trade and Commerce, Ottawa, as Director of the Division of Commercial Relations and Foreign Tariffs. In 1950 he was appointed Trade Policy Advisor of the Department of Trade and Commerce. At different times he has served as a consulting economist for public bodies among them being the Ottawa Imperial Conference of 1932 and the Tariff Board. From 1957 until 1959 Mr. Kemp was on loan under the Colombo Plan as Economic Advisor to the Department of Commerce. In 1958 and 1959 he served as a member of the Ceylon Merchant Shipping Enquiry Commission. The papers were presented by Mr. Kemp to the Public Archives in 1960 and 1961.

The Kemp Papers consist principally of files relating to the investigation of the Tariff Board into the Woollen industry and textiles generally, 1933-1934. There are also some papers pertaining to the general business of the Tariff

Board, 1933-1934, when Mr. Kemp was a member of the Board.

The Kemp Papers also contain working papers, drafts, schedules and pamphlets relating to negotiations for a General Agreement on Tariffs and Trade and an International Trade Organization (1 foot). A small portion of the Kemp Papers, approximately 4 inches, comprises the minutes of meetings, transcripts of evidence and report of the Ceylon Merchant Shipping Enquiry Commission, 1958-1959.

H.R. KEMP PAPERS

Textile Investigation

VOLUME Files

1. British census of production (wool textiles) 1930
2. Compromise possibility
