FINDING AID NO. 542 is composed of three parts:

- PART 1 (one bound volume) lists the contents of volumes 1 to 136 (part of vol. 136) and provides a description of the subject files in volumes 120 to 134.
- PART 2 (five bound volumes) contains a detailed subject list arranged alphabetically by authors, volumes 1 to 37.
- PART 3 (file folder) includes a conversion list for volumes 1 to 136 and a descriptive list of the Ruggles Wright papers, microfilm reel M-235.

The bound finding aid no. 542 cites page numbers only. However, to locate documents both the manuscript group reference, MG 24, D 8 and the volume number are required. Once the required page numbers are known, the researcher is requested to locate the appropriate volume number in the conversion list, - giving volume number and pages, found in part 3 (file folder) of the finding aid.
