Finding Aid No. 35 / Instrument de recherche no 35

GENERAL DESCRIPTION OF PAPERS

CAMERON, Adam Kirk (1874-1967). Educationist, businessman.

Originals, 1915-1946, 1960. 4.0 m. F.A. No. 35.

Adam Kirk Cameron was born at Arthur, Ontario in 1874, educated at Arthur and Ottawa, and was for three years a high school teacher in Galt. He entered business in Montreal and became prominent in a number of corporations, notably the Metal Shingle and Siding Co. of which he was president and general manager.

Cameron was a member of the Protestant Council of Education for Quebec for 40 years, and in 1942 became president of that body. A prominent Liberal, he was a close friend of the Hon. T.A. Crerar and the Hon. W.D. Euler, and was an unsuccessful Liberal candidate in Mount Royal riding in the federal election of 1935.

Most of the papers were presented by Mr. Cameron in 1952. An address by Cameron entitled Eight Décades of Recollection, written about 1960 (Vol. 32), was presented by the Robert Laurier Estate in 1967.

The finding aid no. 35 consists of a box list, and a nominal list of correspondents arranged alphabetically.

The papers, for the most part correspondence, deal primarily with political and educational issues of the period 1915-1946. The papers are arranged chronologically by year and alphabetically by author within each year (Volumes 1-32) except for the correspondence with the Hon. T.A. Crerar, which has been kept together (Volumes 33-35).

KEY TO USING FINDING AID

Volume numbers of individual items of correspondence may be found by taking the date of a required item from the nominal list, and finding the corresponding year on the box list. For example, correspondence of Abel, W.G., 1929, is found in Volume 14.

The letters are arranged alphabetically by correspondent within each year. Letters in brackets after dates refer to the initials of the first or final correspondents within given volumes.
