The Association of Medical Officers of the Militia of Canada was founded in Montreal in 1892 but was short-lived. The Association was re-organized in 1907 and by 1912 the membership base was expanded and the title amended to Association of Officers of the Medical Services of Canada. The object of the Association was to foster the development and efficiency of the Medical Services of the Armed Forces by maintaining close liaison between the members of the Medical Services and the Medical Profession and the dissemination of knowledge on medical matters pertinent to the defence of Canada. In 1937, it adopted the title Defence Medical Association of Canada. The records of the Defence Medical Association of Canada were presented to the Public Archives in 1971, by the Association. Finding Aid No. 803.
