Collection Neilson Collection
Philatelic Records / Documents philatéliques
 [MG24-B1 / R6446]

This finding aid (FA) includes an exhaustive list of the postal covers which can be found in the archival *Neilson Collection*. The letters which were left at the post office and were delivered to the recipient show various postal markings including rates, the use postmarking devices, etc. They are what we call “postal covers”.

The listing gives details of the postal markings. The list is organized according to the arrangement of the original records, i.e. according to the order of volumes. The *collection* already has an original finding aid (MSS-119) to which the researcher should refer.

Cet instrument de recherche (IR) comprend une liste exhaustive des plis postaux que l'on retrouve dans la *Collection Neilson*. La correspondance qui a été mise à la poste et livrée aux destinataires comprend différentes marques postales dont, la tarification, l'utilisation de tampons ou oblitérateurs, etc. C'est ce que nous appelons « plis postaux ». La liste ci-jointe représente cet ensemble de marques postales.

La liste est organisée en fonction de l'arrangement des documents originaux, c'est-à-dire selon l'ordre des volumes. Cette *collection* a déjà un instrument de recherche d'origine (MSS-119) auquel le chercheur pourra se référer au besoin.
