INTRODUCTION

DONNÉES HISTORIQUES

Pierre Elliott Trudeau devint le député de la circonscription de Mont-Royal de 1965 et le demeura jusqu'au moment où il prit sa retraite de la vie politique, en 1984. La circonscription de Mont-Royal, dont la population se chiffre à plus de 80 000 personnes, englobe quatre municipalités, soit Ville Mont-Royal, Hampstead, Côte-Saint-Luc et une partie de la ville de Montréal. Comptant parmi les secteurs les mieux nantis de la région de Montréal, la circonscription de Mont-Royal est principalement constituée d'anglophones (plus de 60 p. 100). Près de la moitié de ceux-ci sont juifs, le judaïsme étant, dans les faits, le culte religieux le plus important de cette circonscription. Bien que Mont-Royal soit surtout un secteur résidentiel, on y retrouve aussi quelques établissements industriels.

Pendant le premier règne de l'administration Trudeau, de 1968 à 1979, la correspondance de la circonscription du premier ministre était traitée par la personnel de la Division de la correspondance du BPM, activité en grande partie dirigée par l'adjointe administrative de M. Trudeau, Mary E. Macdonald. Cette situation changea quelque peu en mars 1979 lorsque Dalia Wood, qui avait jusque-là occupé le poste de présidente de l'Association des libéraux de Mont-Royal de 1971 à 1979, fut nommée au Sénat.

À la suite de cette nomination, Mme Wood assumait la coordination du traitement de la correspondance de M. Trudeau avec ses électeurs et d'autres dossiers concernant la circonscription de Mont-Royal. Bien que le service de la correspondance du BPM poursuivait ses activités d'enregistrement, de répertoriage et de traitement de la correspondance de Mont-Royal, Wood faisait office d'agente de liaison entre la circonscription du premier ministre et le bureau du BPM à Ottawa. Inutile de dire que pendant son mandat de présidente de l'Association des libéraux de la circonscription de Mont-Royal, soit de 1971 à 1979, Mme Wood travailla en étroite collaboration avec Mary E. Macdonald, sa prédécesseure au poste d'agent de liaison.

Les personnes qui désirent obtenir des renseignements généraux concernant les activités du bureau du premier ministre pendant les premier et deuxième règnes de l'administration Trudeau (1968 à 1979 et 1980 à 1984) sont invitées à consulter les introductions des instruments de travail des séries MG 26 O 7 et MG 26 O 10.

ORGANISATION

La série de la circonscription de Mont-Royal compte soixante-sept volumes et dossiers-matière portant sur la circonscription du premier ministre à Montréal. Les documents qu'on y retrouve datent de 1968 à 1984 (incluant la période où M. Trudeau était chef de l'opposition) et sont regroupés en quatre grandes sous-séries chronologiques qui témoignent,

du moins en partie, des divers systèmes de classification de la correspondance utilisés à l'époque dans le bureau du premier ministre. Certaines des ces sous-séries chronologiques sont, à leur tour, subdivisées en sous-séries plus modestes. La liste suivante indique le contenu de ces diverses sous-séries et précise le mode de leur organisation.

1968-1969 (volumes 1-4)

1968-1969 Dossiers-matière

(Classés en fonction du système de classification numérique original du BPM; pour de plus amples renseignements à propos de ce système, veuillez lire l'introduction de la série MG 26 O 7.)

1969-1976 (volumes 5-41)

1969-1976 Dossiers nominaux

(Classés par ordre alphabétique selon le nom du correspondant, dans le prolongement du système de classification numérique du BPM; à cette époque, les dossiers portant sur une question reliée à la circonscription portaient le numéro 1000.)

1969-1976 Dossiers-matière

(Classés selon un système de classification numérique allant de 1000-101 à 1000-501. L'annexe contient la liste des codes idéologiques.)

1980-1984 Réponses - Dossiers nominaux

(Classés alphabétiquement selon le nom du correspondant)

1980-1984 Dossiers-matière

(Classés par ordre alphabétique)

Les documents insérés dans ces dossiers sont classés par ordre chronologique.

La plupart des articles de correspondance de la série de la circonscription de Mont-Royal sont répertoriés dans des répertoires de fiches et des répertoires produits par ordinateur reliés aux diverses séries de la correspondance du BPM (voir les introductions des séries MG 26 O 7 et O 10). De plus, il existe cinq répertoires de fiches pour la seule série de la circonscription de Mont-Royal:

Répertoire nominal 1965-1957

Répertoire nominal 1970-1976 (incl. certains codes idéologiques)

Répertoire nominal 1976-1977

Répertoire nominal 1978-1979

Sujets et associations 1971-1975

Ces répertoires se trouvent sur les bobines de microfilm xxxxx-xxxxx et les chercheurs y ont accès.

DOCUMENTS ÉLIMINÉS OU VERSÉS À D'AUTRES DIVISIONS

Lors du traitement de la série de la circonscription de Mont-Royal, certains des documents qu'elle contenait ont été confiés aux divisions appropriées des Archives nationales. On a de plus éliminé certaines publications, de même que des souvenirs et divers articles sans valeur historique. Tous les articles éliminés ont été répertoriés au moyen du formulaire d'usage. Voici la liste des articles qui ont été confiés à d'autres divisions de la Direction des ressources historiques des Archives nationales.

Division des arts documentaires et de la photographie : 25 photographies.

Division de la cartographie et des archives audio-visuelles : 2 bandes audio.

TENEUR DOCUMENTAIRE

Comme tous les autres correspondants du premier ministre, les électeurs de la circonscription de M. Trudeau lui ont adressé des lettres portant sur toute une gamme de questions et de préoccupations d'envergure nationale, régionale et même de nature personnelle. Cependant, cette série se distingue des autres du fait qu'on y retrouve un nombre très important de demandes d'aide dont la plupart sont axées sur l'emploi et l'immigration. Les documents qu'on y retrouve permettent de constater à quel point le personnel du bureau du premier ministre s'est efforcé d'entretenir des liens soutenus avec les électeurs, que ce soit par le biais d'envois collectifs aux citoyens de la circonscription ou en collaborant étroitement avec l'hebdomadaire local, The Suburban. De même, ces documents témoignent du rôle très particulier du personnel de liaison du bureau du premier ministre dans une circonscription où le député n'est pas vraiment en mesure d'accorder une attention personnelle aux préoccupations de ses électeurs.

BACKGROUND

Pierre Elliott Trudeau served as the Member of Parliament for the constituency of Montreal-Mount Royal from 1965 until his retirement in 1984. The Mount Royal riding, which has a population of over 80,000, includes four municipalities: the towns of Mount Royal and Hampstead, the city of Côte-Saint-Luc, and part of the city of Montreal. One of Montreal's most affluent areas, the constituency is predominantly English-speaking (over 60%). About half of the riding's Anglophones are Jewish, and Judaism is, in fact, the largest single religion in the riding. While primarily a residential area, Mount Royal does have some industry.

During the first Trudeau ministry, from 1968 to 1979, the Prime Minister's constituency correspondence was processed by the PMO Correspondence Division staff, largely under the direction of Trudeau's Administrative Assistant, Mary E. Macdonald. This situation changed somewhat in March 1979, when Dalia Wood, who had been President of the Mount Royal Liberal Association from 1971 to 1979, was appointed to the Senate.

Following her appointment, Wood assumed responsibility for the coordination of the processing of correspondence from Mr. Trudeau's constituents and for other matters relating to Mount Royal. Although the PMO Correspondence section was still involved in the registration, indexing, and processing of Mount Royal correspondence, Wood served as the chief constituency liaison officer in Ottawa. Needless to say, during her tenure as President of the Prime Minister's constituency association in Montreal from 1971 to 1979, Wood had worked closely with Mary E. Macdonald, her predecessor as liaison officer.

For a general introduction to the Prime Minister's Office (PMO) during the first and second Trudeau ministries (1968-1979, 1980-84), see the background information provided in the introductions to the finding aids to series MG 26 O 7 and MG 26 O 10.

ARRANGEMENT

The Mount Royal Constituency Series consists of 67 volumes of correspondence and subject files relating to Prime Minister Trudeau's Montreal constituency. The papers cover the years from 1968 to 1984 (including Mr. Trudeau's period as Leader of the Opposition) and are divided into four main chronological sub-series, which reflect, at least in part, the various correspondence systems that were utilized in the PMO during the period. Many of the chronological sub-series are, in turn, sub-divided into smaller sub-series. The list below summarizes the various sub-series and the nature of their arrangement:

1968-69 (Vols. 1-4)

1968-69 Subject Files

(Arranged in the original PMO numeric classification system -- see the introduction to series MG 26 O 7 for more information on this system)

1969-76 (Vols. 5-41)

1969-76 Nominal Files

(Arranged alphabetically by correspondent in an extension of the PMO numeric classification system -- during this period the number 1000 was assigned to constituency matters)

1969-76 Subject Files

(Arranged in a numeric classification system ranging from 1000-101 to 1000-501. See the Appendix for a list of subject codes.)

1976-79 (Vols. 41-56)

1976-79 Alphabetical Files

(Arranged alphabetically by year)

1976-79 Alphabetical Files - Daily Copies of Incoming Mail (Arranged alphabetically within each year)

1976-79 Subject Files

(Arranged alphabetically)

1979 Replies

(Arranged chronologically by month)

1980-84 (Vols. 56-67)

1980-84 Chronological Files

(Arranged chronologically by accession number)

1980-84 Replies

(Arranged chronologically by month)

1980-84 Replies - Nominal Files

(Arranged alphabetically by correspondent)

1980-84 Subject Files

(Arranged alphabetically)

Within files, the arrangement is chronological.

Much of the Constituency correspondence is indexed in the card indexes and computer-generated indexes pertaining to the various PMO Correspondence series (see the introductions to series MG 26 O 7 and O 10). In addition, there are five separate constituency-related card indexes:

Nominal 1965-1967
Nominal 1970-1976 (also includes some subject codes)
Nominal 1976-1977
Nominal 1978-1979

Subjects and Associations 1971-1975

These indexes have been filmed and are available to researchers on microfilm reels
xxxxxxx.

REMOVALS FOR TRANSFER OR DISPOSITION

During the processing of the Mount Royal Constituency Series some photographs and audio-visual material were removed for transfer to the appropriate divisions within the National Archives of Canada. In addition, some publications, memorabilia, and other non-historical items were removed for disposition. All removals were documented with removal sheets. The following provides a summary of the transfers from the Mount Royal Constituency Series to other divisions of the National Archives' Historical Resources Branch:

Documentary Art and Photography Division: 25 photos.

Cartographic and Audio-Visual Archives Division: 2 audio tapes.

RELATED SERIES

Some constituency-related material is also found in the following series:

1968-1978 PMO Priority Correspondence Series, MG 26 O 7
1969-1978 PMO General Correspondence Series, MG 26 O 8
1978-1979 PMO Correspondence, MG 26 O 9
Correspondence Division Series, MG 26 O 16
Leader of the Opposition Series, MG 26 O 18

RESEARCH POTENTIAL

Like other PMO correspondents, Mr. Trudeau's constituents wrote to him regarding a wide range of national, local, and personal issues and concerns. However, the series is distinguished by a high proportion of requests for assistance, particularly relating to immigration and employment matters. Also evident in the papers are the efforts made by the Prime Minister's staff to communicate with his constituents through the preparation of riding mailers (or "householders"/envoi collectif) and through cooperation with the community newspaper The Suburban. As well, the papers reveal the special role of the Prime Minister's liaison staff in a constituency where the Member of Parliament is unable to give much direct attention to most constituency issues.
