RT. HON. SIR CHARLES TUPPER (1821-1915)

MG 26 F

General Description of Papers

Originals, 1821-1919, 1958, 8 feet, 5 inches.

Charles Tupper was born in Amherst, Nova Scotia. After attending Horton Academy he studied medicine at the University of Edinburgh (M.D. 1843) and practiced in Amherst from 1843-1855. He was first elected to the Nova Scotia Assembly in 1855 and served as Provincial Secretary, 1856-1860, 1863-1867, and as Premier, 1864-1867. He was instrumental in bringing Nova Scotia into Confederation and was elected to Canada's first parliament in 1867. In federal politics Tupper, besides serving as Prime Minister, held six different cabinet portfolios. He was also Canada's High Commissioner to the United Kingdom and occupied that position almost continuously from 1884-1896. In 1896, he returned from England and, in an attempt to solve the leadership problem in the Conservative Party, replaced Bowell as Prime Minister. In the 1896 election, the liberals were victorious and from 1896-1901 Tupper served as leader of the opposition. After the 1901 election he retired from active political life and settled in England. He died at Bexley Heath on 30 October 1915 at the age of 94.

A large part of the Sir Charles Tupper Papers was given to the Public Archives in 1926 by Sir Charles Hibbert Tupper, a son and literary executor. These had been used for *The Life and Letters of the Rt. Hon. Sir Charles Tupper, Bart.*, edited by Rev. E.M. Saunders (1916), and for a supplement by Sir Charles Hibbert Tupper (1926). On the advice of Sir Joseph Pope a portion of the papers was retained by Sir Charles Hibbert Tupper, consisting chiefly of his own correspondence with his father. This portion, with letterbooks, journals and memoranda was transferred to the Archives in 1953 from the University of British Columbia through the kindness of R.B. Tupper, Q.C. In 1966, an additional 3 feet of Tupper Papers were presented by Misses Jessie C. Tupper and Frances Tupper of Toronto.

PREFACE

COMPUTER-SORTED INDEXES TO THE PRIME MINISTERS PAPERS

Researchers are urged to keep the following in mind when using these indexes.

AUTHOR INDEXES

In these indexes the name by which the person was known at a certain date was generally used. Researchers are reminded, however, that they may find entries for a person filed under a name different from that by which the person was known so that various names, or forms of names appear and the researchers should check all of them.

SUBJECT INDEXES

As the subject indexes are quite detailed researchers are urged to look under general headings and various sub-headings as well as under specific subjects. Because fairly specific subjects have been used researchers are also urged to exercise themselves to look under variant headings for similar subjects.

SYMBOLS

- X indicates that the letter was neither written by nor addressed to the person whose papers are indexed. In such cases the names of both author and recipient are indexed, each time followed by a "X".
- R means that a reply from the prime minister is attached to an incoming letter.
- RO designates outgoing correspondence from the prime minister, not connected to an incoming letter.
- E denotes that enclosures are attached to the letter; the numeral which follows designates the number of enclosures.
- M designates a memorandum.
- P refers to a pamphlet or other published item.
- C refers to newspaper clippings.
- * an asterisk has been used with the name or the date to show that this information was supplied from internal evidence.
- LB refers to a letterbook, hence outgoing correspondence only.

These symbols have been used in various combinations where more than one is applicable, e.g. RM, ER, PE, RE3.

In case of further questions do not hesitate to ask the personnel of the Prime Ministers Section.

CAUTION

These indexes are complete for correspondence and memoranda. Various other items, such as address books, souvenirs and other personal items are not indexed.
