Originals, 1937-1979. 1.83 m. Finding Aid No. 783.

David C. Nutt (born 1919) is a Captain U.S.N.R.-R., Master in the U.S. Merchant Marine and Associate Professor of Geography at Dartmouth College. He began his Arctic work in 1935 serving with the Bartlet Greenland Expeditions (1935-1940). During World War II he served in the U.S. Navy with the Hydrographic Surveys in Greenland and as the Commanding Officer of a fleet survey ship in the Pacific and North China Sea. From 1947-1948 he participated in the U.S. Navy Antarctic "Operation Windmill". He led the series of winter and summer Blue Dolphin Labrador Expeditions from 1949-1954 and from 1954-1959 he collaborated in a study of gas inclusions in glacier ice which included the Arctic Institute Expedition to Greenland in 1958. He also headed in 1956 a geographical survey in Greenland to locate a trans-shipment port for the trans-shipment of iron ore.

Professor Nutt has been involved with the Arctic Institute of North America in various capacities since shortly after its founding in 1944-1945. He served for a total of 12 years (1957-1962, 1965-1970) on the Institute's Board of Governors, including 2 years as Chairman of the Board and for a number of these years was on the Executive Committee. The papers, which were presented by Professor Nutt in 1972 and 1979, relate principally to his involvement with the A.I.N.A. (see MG 28, I 79).
