

Volumes 2816-2818

17-14

RG	R	Series / Séries	Vol.	File no. / No. de dossier	Part / Partie	Title / Titre	Dates	Date 1	Date 2
RG17	R194	R194-115-8	2816			Index to the Reports of the Field Husbandry Division, Central Experimental Farm Ottawa, for the period 1920 to 1930	1920-1930	1920-01-01	1930-12-31
RG17	R194	R194-115-8	2816			Field Husbandry Experimental Data from Dominion Experimental Farms in Eastern Canada, taken from old published reports 1887 to 1919 (approximately). [data from Cap Rouge, Charlottetown, Fredericton, Kapuskasing, Kentville, Lennoxville, Nappan, Ottawa, Ste. Anne de la Pocatière, Summerland and Invermere and agassiz relating to cleaning land, clover experiments, fertilizers, production costs, crop yields, cultural experiments, seeding dates, drainage, manures, insecticides + fungicides, mixed crops, pasturage, potatoes, rates of seeding rotation and crop sequence]	1887-1919	1887-01-01	1919-12-31
RG17	R194	R194-115-8	2816			Dominion Experimental Farms, Division of Field Husbandry. Report of the Dominion Field Husbandman, E.S. Hopkins, B.S.A., M.S., Ph. D., for the year 1933. [data on meteorological records; crop rotation, sequence, and cost; fertilizers; weed eradication; pasture and soil moisture experiments; machinery trials]	1933-1933	1933-01-01	1933-12-31
RG17	R194	R194-115-8	2816			Field Husbandry Division - Report for the year 1936 [data on aspects of agricultural experimentation as listed above; report relates as well to Branch farms as well as the Central Experimental Farm]	1936-1936	1936-01-01	1936-12-31
RG17	R194	R194-115-8	2816			Progress Report of the Work of the Field Husbandry Division for the year 1938 [conditions, rotation, crop sequence, cultural experiments fertilizers, crop costs, weed eradication, pasture, agricultural engineering & Prairie Farm Rehabilitation]	1938-1938	1938-01-01	1938-12-31
RG17	R194	R194-115-8	2816			Progress Report of the Work of the Field Husbandry Division, Central Experimental Farm, Ottawa, 1939 [covers same topics as 1938 report also contains photographs]	1939-1939	1939-01-01	1939-12-31
RG17	R194	R194-115-8	2816			Progress Report of the Field Husbandry Division, 1940 [covers same topics as 1938 report above]	1940-1940	1940-01-01	1940-12-31

Volumes 2816-2818

17-14

RG	R	Series / Séries	Vol.	File no. / No. de dossier	Part / Partie	Title / Titre	Dates	Date 1	Date 2
RG17	R194	R194-115-8	2816			Progress Report of the Work of the Field Husbandry Division, Central Experimental Farm for the year 1941 [same topics as 1938 report above, plus soil survey work, greenhouse experiments and hay curing experiments]	1941-1941	1941-01-01	1941-12-31
RG17	R194	R194-115-8	2816			Dominion Experimental Farms - Prairie Farms and Stations. Summary of Field Husbandry Experiments at Brandon, Morden, Indian Head, Rosthern, Scott, Swift Current, Lethbridge and Lacombe [contains and index to the numerous experiments carried on during the early years of these farms]	1889-1915	1889-01-01	1915-12-31
RG17	R194	R194-115-8	2817			Prairie Crop Rotation Summaries from summer fallowing [data on crop yields and averages]	1911-1929	1911-01-01	1929-12-31
RG17	R194	R194-115-8	2817			Annual Report of the Soil Research Laboratory, Dominion Experimental Station, Swift Current, Sask., 1937 [contains sections on soil moisture, drifting fertility and weed control]	1937-1937	1937-01-01	1937-12-31
RG17	R194	R194-115-8	2817			Dominion Experimental Station, Swift Current, Sasks., Annual report for 1938 [with sections devoted to cereals, forage crops, field husbandry, agricultural engineering, horticulture, poultry, conservation, irrigation, fencing, and extension activities in the surrounding communities though fairs, clubs field days and so on; photographs]	1938-1938	1938-01-01	1938-12-31
RG17	R194	R194-115-8	2817			Experimental Station for the Peace River District, Fort Vermilion, Alta. Annual Report for 1930 [cereal report only]	1930-1930	1930-01-01	1930-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1931 [contains cereal, horticultural and meteorological reports and same miscellaneous letters]	1931-1931	1931-01-01	1931-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1932 [cereal, floriculture and horticultural reports - note: the latter five are only approximately dated 1932]	1932-1932	1932-01-01	1932-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1933 [cereal, horticultural and meteorological reports only]	1933-1933	1933-01-01	1933-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1934 [only the cereal & horticultural reports]	1934-1934	1934-01-01	1934-12-31

Volumes 2816-2818

17-14

RG	R	Series / Séries	Vol.	File no. / No. de dossier	Part / Partie	Title / Titre	Dates	Date 1	Date 2
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1935 [horticulture, floriculture and cereals]	1935-1935	1935-01-01	1935-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion, Alta., Experimental Station (Peace River area), Annual report for 1936 [cereals report only]	1936-1936	1936-01-01	1936-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion, Alta., Experimental Station, Annual report for 1937 [cereals and horticulture]	1937-1937	1937-01-01	1937-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1938 [cereals floriculture, and horticulture]	1938-1938	1938-01-01	1938-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1939 [cereals horticulture, and floriculture]	1939-1939	1939-01-01	1939-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1940 [cereals horticulture and floriculture]	1940-1940	1940-01-01	1940-12-31
RG17	R194	R194-115-8	2817			Fort Vermilion Experimental Station, Annual report for 1941 [cereals floriculture, horticulture, and a packet of photographs]	1941-1941	1941-01-01	1941-12-31
RG17	R194	R194-115-8	2817			Letter of G.D. Matthews, Superintendent of the Scott, Sask., Experimental Station to E. Hopkins, Central Experimental Farm, 5/2/1942, re listis in ensiling various crops	1942-1942	1942-01-01	1942-12-31
RG17	R194	R194-115-8	2818			"The Relation between Activity of Black Flies (Simuliidae Dispera) and meteorological conditions" by A.G. Edmund [typescript report with photographs and charts; a project of the Division of Entomology and Defence Research Northern Laboratory]	1950-1952	1950-01-01	1952-12-31
RG17	R194	R194-115-8	2818			"Examination of the Black by Activity Associated with Weather Systems [typescript report with photographs and charts; authored by F.P. Ide and A.G. Edmund]	1951-1952	1951-01-01	1952-12-31
