Horace Andrew (Bud) Olson, Ministerial Correspondence of Hon. Horace Andrew (Bud) Olson

Custodial History

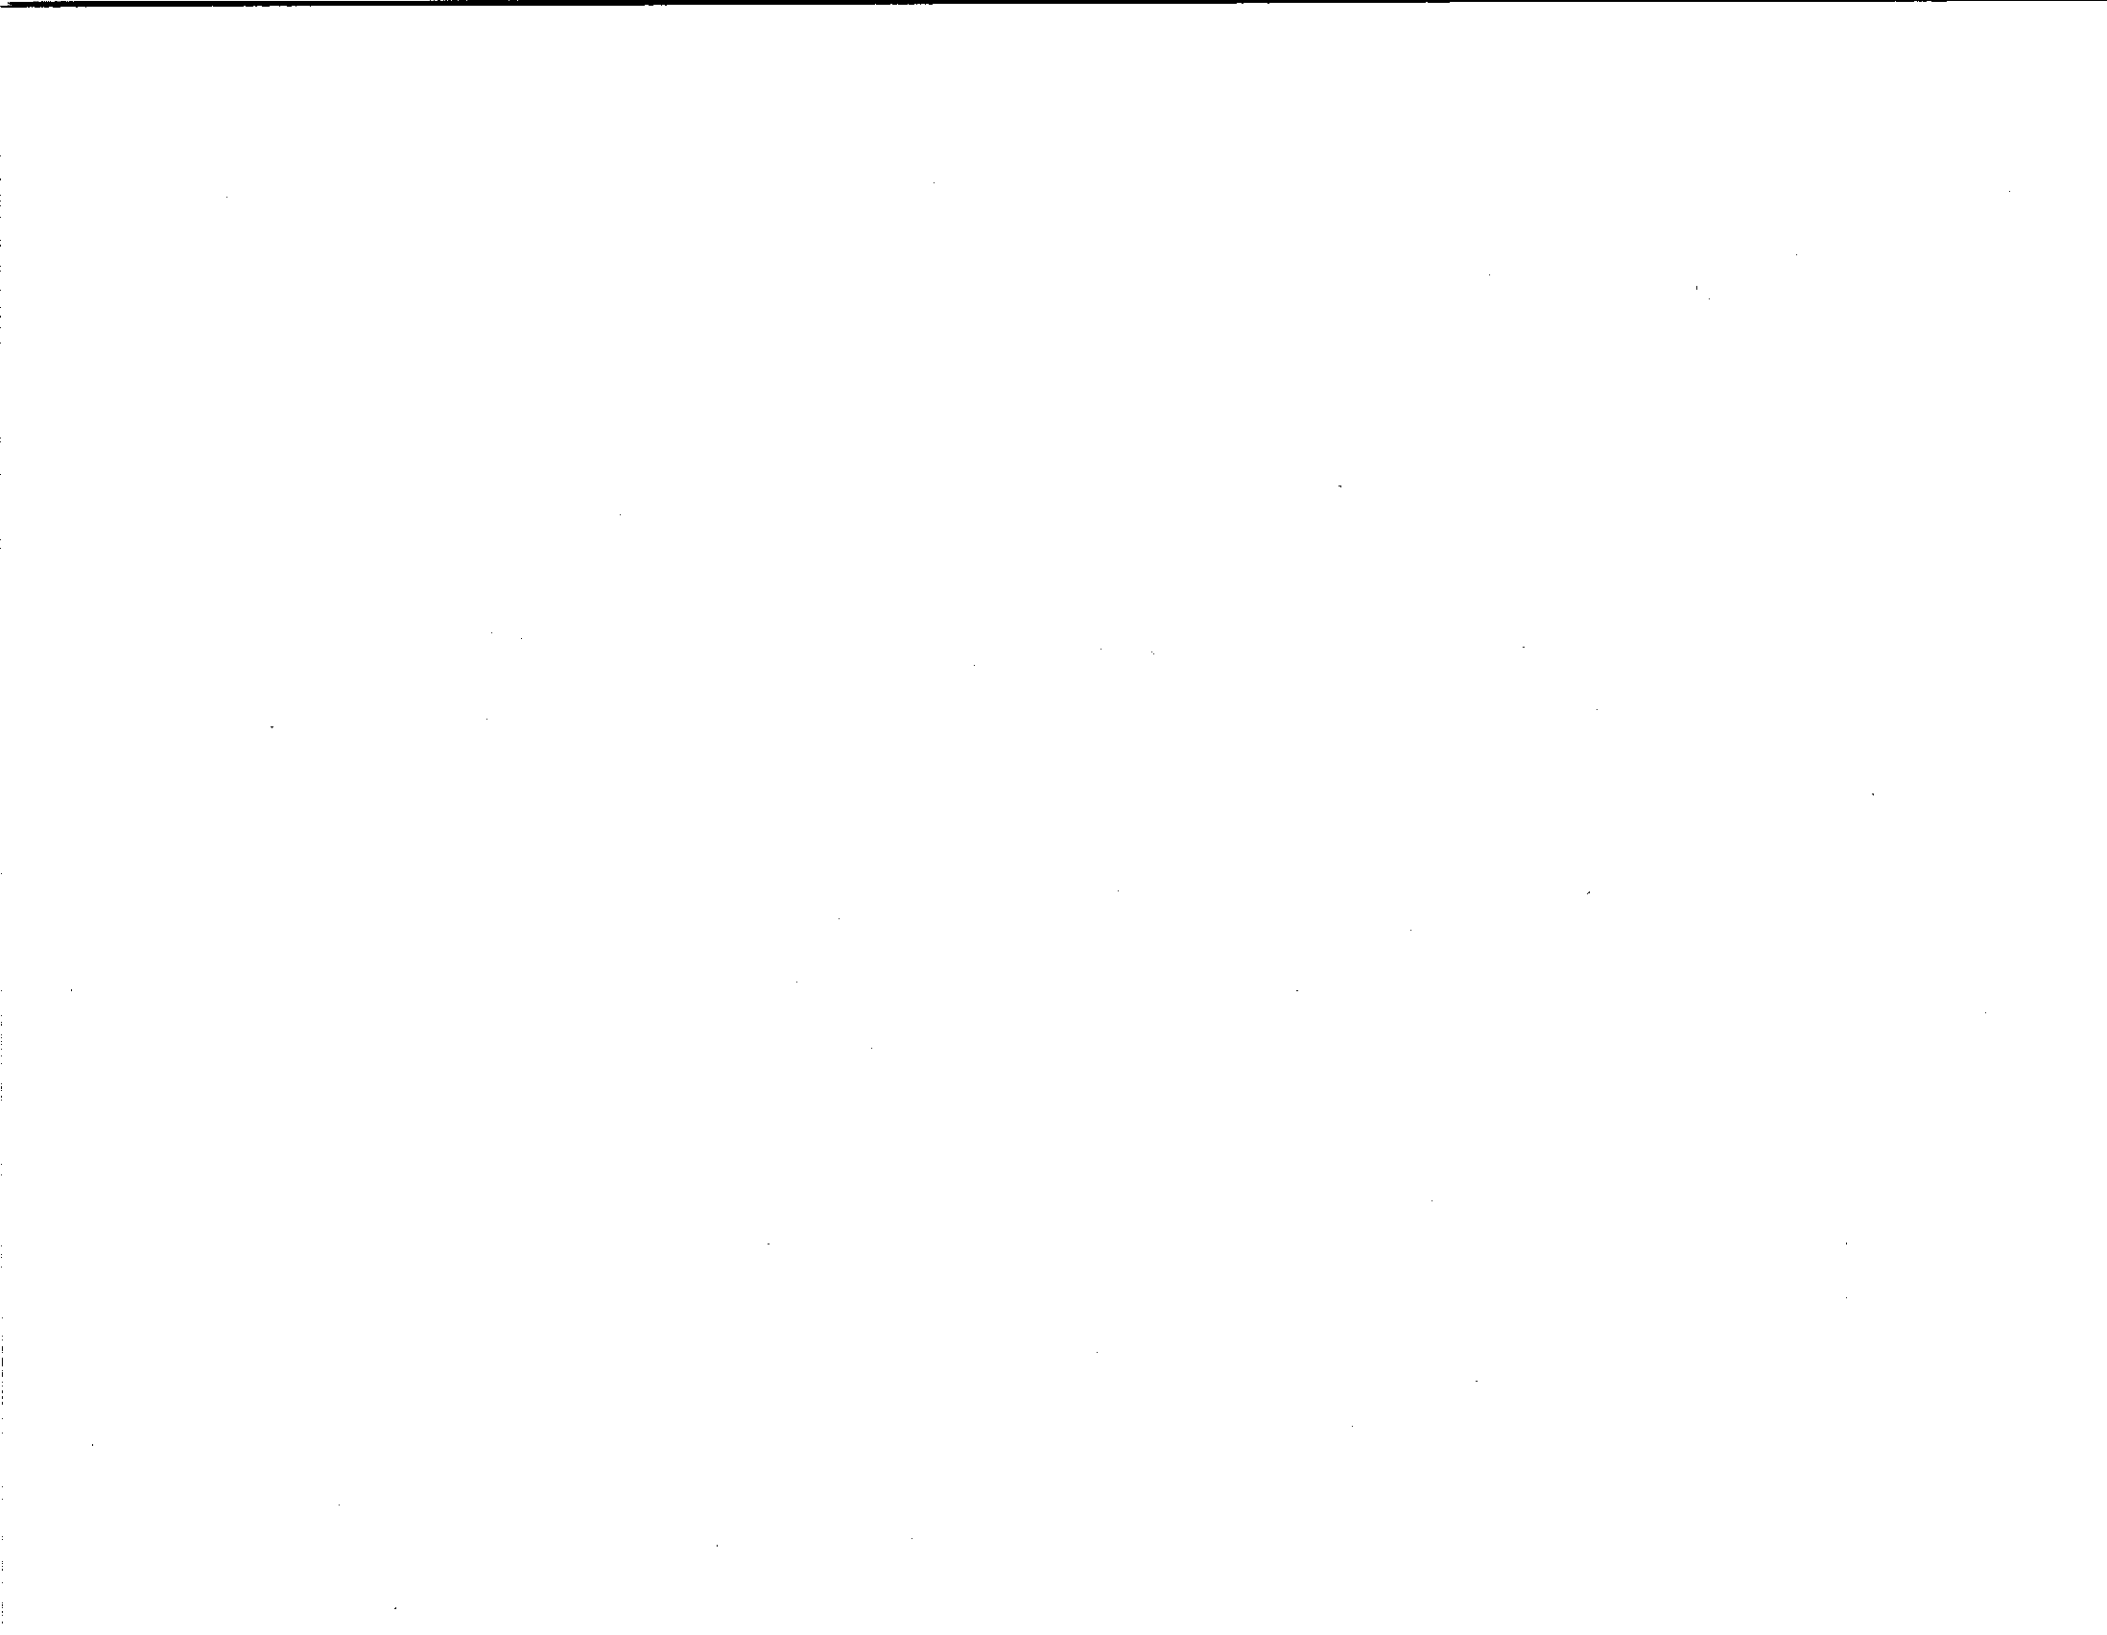

At some point after their creation these records were removed from the Office of the Minister’s registry for a number of years. In 2007, these records were returned to Agriculture and Agri-Food Canada by an anonymous individual. The circumstances surrounding the alienation of the records could not be ascertained.

General Note:

This accession consists of a portion of ministerial correspondence from the office of the Honourable H.A. “Bud” Olson who served as Minister of Agriculture from 1968 to 1972. The correspondence pertains exclusively to questions or subjects raised by the Honourable Eugene Whelan in the period before he was appointed Minister of Agriculture in 1972. Overall, the records highlight Mr. Whelan’s and Mr. Olson’s mutual advocacy of agricultural issues. Subjects include, but are not limited to, the following:

The finding aid is a verified typed list by the archivist that includes box number, file number, subject, part, and date.

The full scope of correspondence pertaining to a particular subject was collated and assigned a tracking number by the Office of the Minister. Collectively, the correspondence subjects are arranged chronologically. The file subject headings were chosen by the archivist after reviewing the correspondence, and thus may not correspond exactly to the subject headings originally ascribed by the Minister’s Office to the tracking number.
