

**FINDING AID:** 45-2

**RECORD GROUP:** RG 45 - Records of the Geological Survey of Canada

**SERIES:** Central Registry Subject Files

**VOLUMES:** 18-73

**DESCRIPTION:** This is a list of files containing volume number, file number, file part, file title and inclusive dates. These files represent only a fraction of the total number of files created by the Geological Survey since its inception, however large numbers of the files were destroyed prior to transfer to the National Archives.

A card index provides useful information about subject and author data, linking this to a file number which can then be checked against the file list to see if that particular item has survived.

**INSTRUCTIONS:** The following information is required to order a volume:

RG No.:  
Volume No.:  
Field Notebook No.:

**DATE:** June 1997
