Placement of granular material south of the Heliport
Repairs to Canada Place Gangway No. 2
Installation of braking systems in the Ballantyne Pier passenger gangways
Soil, sediment and groundwater sampling in Schoolhouse Creek area
Load the PNE house onto a barge
Residential dock, ramp and float demolition and construction
Proposed shoreline protection works
Hasbro film shoot in the bus lot, with flame effects
Storm drain flush at Vanterm and Lynnterm
Construct a spill containment deck at Neptune Terminals Berth 2
Hydraulic barrier "Proof of Concept" project
Erection of Mobile Passenger Gangways at Main Street Dock
Relocation of a Site Road and Water Recovery Ditch
Residential dock, ramp and float
Harbour Heliport helipad inspection
Use of Bus Staging Lot for power-washing
Maintenance on the Lynnwood Marina breakwater
Maintenance dredging of approach channel to loading dock
Replace fender pile at Main Street Dock
Quick release hook assembly at Deltaport
Demolition of reactor tanks
Construction of replacement chlorine/sulphur dioxide storage facility
Replacement of eroded rip rap at Deltaport
Osprey and purple martin nesting and roosting works at Maplewood
Foreshore geophysical and groundwater survey
Installation of emergency response anchor posts at Westridge Terminal
Ballantyne marginal wharf upgrade
Canada Place geotechnical investigation

Ballast water treatment

Filming activities at Berry Point

Installation of a residential sewage discharge into Indian Arm

Installation of a residential sewage discharge into Indian Arm

Maintenance dredging of the VPDL barge basin

Deltaport -- RMG runway extension

Landing a densification rig from a scow

Berthing a ship and preparing it for sinking as an artificial reef

Site cleanup for lease relinquishment

Installation of a residential sewage discharge into Indian Arm

Emergency repairs to the easternmost dolphin at berth 2

Sheet pile recoating project at Pioneer Grain Terminal

Further geotechnical investigations for Portside Development

Maintenance works on Westridge Dock 59

Repairs to Vancouver Terminal Jetty

Office addition

Release of live fish from Port facilities

Construction of a concrete batch plant and barge unloading facility

Movie effects req temp moorage of a barge, installation of a dock, and explosions

Emergency dredging at berth 2

Canada Place Cruise Terminal Expansion

Soil recycling facility

Heatley Overpass seismic upgrade

Residential dock, ramp and float

Silt removal from slipway at HMCS Discovery, Stanley Park

Berth 1 foreshore remediation

Repairs to a residential dock facility

Relocation of an existing residential dock facility

Schedule D

Creation of a salt marsh next to Stanley Park
Roof replacement at Lynnterm Shed No. 1
Pacific Elevators shipping scale
Load a house onto a barge east of Prince Rupert Fishermen's Co-operative
Sediment sampling survey at Cassiar CSO outfall, Cascadia Terminal
Lynnterm office building addition and renovation
Demolition of east trestle (previously appraised by EAC under 97-50)
Sediment sampling program
Film shoot at Bedwell Bay including explosive and pyrotechnic effects
Radio antenna tower
Upgrading the berm and training wall at the North Vancouver facility
Repairs to three beacons in Second Narrows and at Cates Park
Filming at Ballantyne Cruise Facility
Discharge treated groundwater near Burrard Yacht Club in North Vancouver
PEC site barge landing
Discharge treated groundwater from the Fullerton site, NV
Residential dock, ramp and float in Belcarra
Installation of closed circuit video infrastructure along the waterfront road
Residential dock, ramp and float in North Vancouver
Repairs to Centerm Shed 1 floor
Removal of unauthorised structures grounding in Port Moody Arm
Recoating ship loading structures at Pioneer Grain
Office extension
Centerm Shed 2 modifications
New mooring dolphin, Jetty No. 1
Boat shed extension
Container wash station at Dellaport
Retention of storage shed on breakwater barge
