LIST OF CHINESE GENERAL REGISTERS,
1885-1949

(RG 76, IMMIGRATION)

The "old book" numbers are the numbers used by the Department to identify the registers, and are sometimes referred to in departmental correspondence. The "serial numbers" are the Headquarters sequential entry numbers given in the first column of each person's entry. They are different both from the registration number assigned at the port of entry, and from the C.I. 4, 5, 28 or 36 certificate numbers.

The original ledgers have been withdrawn from circulation due to their poor state of preservation. However, the present microfilms are not always uniform in quality. Contact the Government Archives Division, National Archives of Canada, if further information on specific entries is required.

(*) indicates presence at end of microfilm reel of extra frames, either retakes of poor images (register 11) or test shots.
