

**Finding Aid:** 76-47

**Record Group:** 76 (Immigration)

**Series:** D 2 (d) -- Outward Registration Records: CI 9 and  
CI 9A Records

**Microfilm Reel Range:** T-6038 to T-6055.

**Type of Finding Aid:** MICROFILM SHELF LIST

**Description:** This finding aid lists the numbers and dates of the first and last certificate (or related document) on each reel. Each entry gives a microfilm reel number, a certificate type, number of first and last documents on the reel, and date of first and last documents on the reel.

**Instructions:** There is no nominal index to these records. Thus individual certificates can be directly located only (a) if a date of departure or certificate number is known, (b) by using the nominal lists of readmissions and cancellations, organized by date, or (c) by reading through all certificates in the date range desired. As Access restrictions apply to these records, consult the archivist for advice in the use of this series.

There are annotations in some of the earliest volumes of the Chinese General Registers (RG 76 vols. 694-703) indicating issuance of "certificates of leave" to individuals, but these do not continue past about 1900.

**Related Finding Aids:** A local CI 9 register is described in the inventory entry for RG 76, series D 2 (b) part 1. For descriptions of other Chinese immigration records, see the RG 76 Inventory entries for other subseries in series D 2.

**Date:** 1 January 1988
