Parsons, York, Ontario, Surgeon Dentist. | Original copy is in the Dental Archives of University of Maryland at Baltimore. A microfilm copy is available in the Toronto Reference Library. This book is probably the first one to appear in Ontario and the second in all Canada. Levi Spear Parmly published a booklet in Quebec in 1815.  |                | English         | Canada                             | 1830          |

Gullett on corresponding index card:) "A peculiar point is that the order of entry in the Register does not correspond with the sequence of successful candidates who took the examination. Seven candidates took the first examination (1904) of which four passed - J.W. Coram, J.W. Clay, W.R. Glover and E.C.Jones. Quite probably entries were made in the Register at a later date and not in the order of successful candidates." |                | English         | Canada                             | 1906-1911     |
