Science and technology series					
Textual	54	1--4	Engineering	File includes clippings, illustrations, drawings, technical and architectural drawings, advertisements and articles on engineering, mechanical engineering (machine tools, field engine, "The Prytz planimeter"), history and development of engineering, power plants, ropes (hoisting, transmission of power by ropes), civil engineering (cement and blast furnace slag, irrigation canal), "Feats of railway engineering," "Wonders and curiosities of civil engineering," "How the ancients moved heavy masses," "Engineering in modern buildings," "The government and the public works," etc.	1858-1907
Textual	60	1	Coal	File includes clippings, illustrations, drawings, technical and architectural drawings, advertisements and articles on coal, types of coal, mining (output, mines, locations), geology of coal, history of coal use (Henry III granted charter for coal mining in England in 1234), "The profits of coal-pits," "Coal controversy and complications," "A year in a coal mine," etc.	1868-1913
Textual	64	1--6	Pumps	File includes clippings, illustrations, drawings, technical and architectural drawings, advertisements and articles on turbines, water motors, pulsometers, water thrusters, pumps, injectors and ejectors, centrifugal pumps, rotary pumps, steam turbines, "Test of water wheels," "Archimedean screw used for drawing water," "On the pumping machinery for emptying the dry docks at Chatham and at Rio de Janeiro," etc.	1876-1902
Textual	65	1--3	Water, hydraulic engineering	File includes clippings, illustrations, drawings, technical and architectural drawings, advertisements and articles on water, hydraulic engineering, conduits, syphons, measuring flow and discharge (streams, canals, rivers, mathematical formulas), irrigation, "water works" and utilities, water power, "The weight of water," "The weeping tree," "Experiment with submerged ajutages," "Experiments on flow of water through large gates and over a wide crest," hydraulic laboratories, etc. File includes hand-written notes.	1873-1900
Textual	66	1--3	Electric motors, wiring and circuits	File includes clippings, illustrations, drawings, technical and architectural drawings, advertisements and articles on electric motors, dynamos, magnetic electric machines, transformers, electrical conductors, wiring, insulators and posts, underground conduits, applications of electric motors (street cars, sewing machines, iron works), experiments with electricity, underground cables, etc. File includes hand-written notes.	1881-1899
Textual	138 139	1--4 1--5	Asphalt paving, road rollers, street cleaning, wheels	File includes clippings, illustrations, technical drawings, cartoons, advertisements and articles on asphalt paving (techniques, equipment, raw materials, quality control, etc.), paving materials (wood, etc.), street and road design, street cleaning, wheels for trains, cable cars, etc. (manufacture, design, testing, materials, load bearing capacity, innovations, etc.). Articles include "The story of asphalt," "Asphalt of Trinidad," "Ancient trackways in England," "The price we pay for bad roads: hunger and illiteracy stalk along our bad roads," etc. File also includes hand-written documents; a letter by JDB and a response (volume 139).	1847-1901
Textual	140 141	1--3 1--5	Petroleum. Transit, storage, lubrication, uses	File includes clippings, illustrations, advertisements and articles on petroleum, uses (creating steam / as "a steam fuel," locomotive boilers, etc.), storage and transport (pipeline, barrels), uses of lubrication (cylinders, etc.), bearings, internal friction in steam engineers, measurement of friction, comparison of different oils, mathematics of calculation friction, different applications (gears, rocker arms, internal engine, etc.). File includes hand-written notes and correspondence with J.D. Barnett. File also documents correspondence with J.D. Barnett regarding a survey that he sent to railway companies to ask about oiling devices for locomotives in 1893 (volume 141, file 2).	1862-1911

Media Support	Vol	File Dossier	Title Titre	Scope and content Portée et contenu	Dates
Textual	213	1	Boilers	File includes clippings, illustrations, drawings, technical plans, advertisements, and articles on boilers, steam power, "water tube boilers," "internally fired cone section boiler," marine boilers, self-cleaning boilers, boilers (for locomotives, ships, warships, yachts, paper mills), construction, name brands, comparisons, etc. File includes hand-written documents.	1870-1891
Textual	255	1--16	Locomotive specifications	File includes hand-written specifications for locomotives of the Grand Trunk Railway, the Intercolonial Railway and other railways in the United States, United Kingdom and India. File also includes articles on design of locomotives.	1857-1883
Textual	258	1--5	Forests, forestry, trees	File includes clippings, illustrations, and articles on forests, trees, forestry, forest scenes, "Remarkable trees and miscellaneous tree lore," etc. File includes hand-written notes and newspaper clipping ("Very interesting and instructive was Mr. Barnett's talk last evening about the forestry building at the Chicago Fair [...]") for a talk by J.D. Barnett on forestry at the G.T.R. Mechanics' Institute (Strafford, Ontario, March 1894). (See file no. 1.)	1852-1906
Textual	265 267	1--3 1--5	Mines, mining, mine surveying, mining processes, metals, metallurgy	File includes clippings, illustrations, photographs, advertisements, drawings, technical drawings and renderings, and articles on mines, mining, miners and workers, mine surveying, crushing machinery, dressing, stamping, separating, machinery, mining code (Republic of Chile), investing in mining stocks, mills and processing, specific minerals, profiles of mining camps (kitchens), displays at exhibitions, underground waters, geology, mining in different countries, metal, metallurgy, mining machinery, safety cages, health risks ("The general health of the quartz miner"), lamps, mine shaft ventilation (turbines, fans), mine drainage, "underground haulage," assaying (volatile compounds), mining as investments, management of mines, specific minerals, etc.	1878-1908
Textual	270	1--3	Law and practice re. letters patent, diagrams of patented designs	File includes clippings, illustrations, photographs, drawings, technical drawings, and articles on law and legal aspects of patents and patented design including profiles of inventors, discussion of statutes, recent inventions (technical drawings, "Great inventions of the year 1912"), etc.	1855-1912
Textual	299	1--4	Battleships	File includes clippings, illustrations, architectural drawings, articles about battleships, boat races, illustrations of naval battles, ships and officers of difference national navies (United Kingdom, United Sates, Prussia etc.), illustration of crewmen who are disabled (having lost limbs while serving in British navy), etc.	1867-1904
Textual	305	1--3	Pulveriser	File includes clippings, illustrations, advertising, articles about pulverisers, separators, steam dryers, sifters and other machines for processing rock, stone, liquids and other material. File includes some hand-written notes, a letter to J.D. Barnett.	1875-1890
Textual	309	1--7	Train cars	File includes clippings, illustrations, drawings, architectural and technical plans and renderings, advertisements and articles on train cars including freight cars, livestock cars, coal cars, manufacturing of freight cars, rail car parts and technological developments, operation of railway (telegraphy, tracks, bridges), etc. File includes hand-written notes and hand-written correspondence with J.D. Barnett.	1876-1897
Textual	313	1	Canadian mining	File includes clippings, articles on mines, deposits and extraction in Canada (nickel, gold, asbestos, etc.), "Mining accidents [in Ontario, 1893)," etc.	1893-1899

Media Support	Vol	File Dossier	Title Titre	Scope and content Portée et contenu	Dates
Textual	329 330	1--3 1--5	Arms and armour. Small arms, rifles, pistols, explosives and explosions	File includes clippings of illustrations, diagrams, photographs, drawings and articles on arms, armour, military technology, weaponry, military actions (Russian cavalry, march to Waterloo, the Trojan horse, Russian army manoeuvres, the Bluejackets, the British army in India, etc.), military training ("Attack of fortified places, "Place of an order in battle"), military fortifications (coastal fortifications), new developments (recent patents), diagrams and technical illustrations of weapons, powder magazines, explosions, cartoons with military theme, etc. Articles include "The story of swordsmanship," "The Maxim machine gun," "When Napoleon was brought to bay," "The training of a volunteer," "Official trial of small-bore rifles on Blumstein Marshes," "Army magazine rifles," "The ornamentation of early firearms," "The most perfect rifle in the world," "Gunpowder: its nature and action," "Williams' system of coastal defense by electrical torpedoes," "Army and coast defence supplement: guns armor, and fortifications," etc.	1862-1903
Textual	392	1--4	Stationary engines. High pressure, condensing, compound	File includes clippings, illustrations, technical drawings, advertisements, and articles on various types of engines including horizontal engines, compound engines and condensing engines. The engines were used in mills (jute, cotton, etc.), pumping, waterworks, power generation and other applications.	1874-1889
Textual	464	1--2	Tradesmen's and heavy highway vehicles, carriages, omnibus, tram cars	File includes clippings, illustrations and articles on carriages, omnibuses, tram cars, and other vehicles including "Cabs and their drivers," "Locomotion - past and present," "Carriages, roads and coaches," "The omnibus of Constantinople," "Compressed air for streetcars," illustrations of models, travel scenes, etc.	1886-1899
Visual arts, portraits and caricature series					
Textual	300	1--5	Portraits of women	File includes clippings, illustrations, drawings, articles about women (title on folder: "Female beauty"). File includes illustrations, photographs and paintings of women.	1886-1903
Textual	325	1--5	Caricature, silhouettes	File includes illustrations, drawings, cartons, caricatures and articles about caricatures (including profiles of noted caricaturists and cartoonists), political and social caricatures, multiple articles titled "Current history in caricature."	1862-1895
Textual	326	1	George Cruickshank	File includes illustrations, drawings, cartons, caricatures by George Cruickshank and clippings and articles about him (reviews of work, biographical articles, unpublished works, etc.).	1862-1878
Textual	327	1	Walter Crane	File includes clippings of illustrations, illustrated poems, articles, reviews of exhibition related to the artist Walter Crane. "Modern life and the artistic sense" (by Walter Crane), "Why socialism appeals to artists," "The Red Cross Hall," texts of poetry illustrated by Crane including "The sirens three," "A herald of spring," etc.	1892-1898
Textual	381	1--3	Carving. Wood, ivory	File includes clippings, illustrations, architectural drawings and renderings, advertisements and articles on wood and ivory carving including the ivory trade, example of ivory carving, wood carved antique and historical furniture (carved mirrors, tables, cabinets, m bedframes, chairs, etc.), carving of fittings (decorative panels, cathedrals, old halls, etc.), etc.	1876-1896
Textual	446	1--2	Colour printing, newspapers, prints	File includes clippings, illustrations drawings, cartoons, caricatures, advertisements and articles related to newspaper editions (printed in colour) and various prints showing a variety of subjects.	1851-1903
Textual	455	1--2	Concert and music halls, music academies, casinos, music rooms and fittings, band stands	File includes clippings, illustrations, architectural technical plans and renderings, and articles on music halls, concert halls, casinos, music academies, and bandstands in Canada, United States and Europe, "The magistrates and the music-halls" (by Charles Dickens), the 300th anniversary festival for Handel at Crystal Palace, illustrations of furnishings and instruments, scenes of music classes, May Day parade (London, 1896), military bands, scenes of private and public performances, etc.	1879-1903
