REPORT OF THE DEPUTY SUPERINTENDENT GENERAL

OTTAWA, November 1, 1925.

Hon. CHARLES STEWART,
Superintendent General of Indian Affairs,
Ottawa.

SIR, - I have the honour to submit the report of the Department of Indian Affairs for the year ended March 31, 1925.

The Indians of Canada have passed a normal year and nothing untoward has happened in connection with their affairs. Their health is gradually improving. In addition to the regular staff of physicians, the department now has field nurses at work on a number of the larger reserves who attend to the sick and also instruct the Indian women in sanitation and hygienic methods of housekeeping. This policy is having beneficial results.

The farming and stock-raising Indians are making continued progress, particularly in the Prairie Provinces as will appear from a special paragraph on the subject which follows herein. Some of the Ontario Indian farmers have distinguished themselves by winning open county ploughing competitions and one of them holds the championship of the State of Michigan. Particulars of the Ontario farming operations will be found under the heading "Agricultural Work on Ontario Reserves." The hunting and trapping Indians have had a successful season and have received good prices for their furs.

There was no amendment to the Indian Act at the parliamentary session of 1924 and the last important legislation affecting the department was the Act of 1923, which placed the Eskimos under the charge of the Superintendent General of Indian Affairs. The administrative problems arising from this enactment are discussed under a separate heading herein.

AGRICULTURE AND STOCK-RAISING AMONG THE PRAIRIE INDIANS

The Indians of the three Prairie Provinces have made excellent progress in their agricultural operations during the past year, having increased their area under cultivation by 11,239 acres. This brings the total cultivated area in the three provinces up to 104,495 acres, and of this acreage 66,429 acres were sown to grain this year. The acreage under cultivation has increased in the last five years by 37,501 acres.

The Indians are cultivating their land much better as years go by, and the majority of them are doing as good work on the land as white farmers. They are paying much more attention to the summer-fallowing of their land, and this year they summer-fallowed 28,244 acres and harrowed it frequently after ploughing. They also broke this year 9,822 acres.

The indications are that the Indians in the three western provinces will harvest one of the heaviest crops in their farming experience. Unfortunately the weather has delayed threshing operations, so that at the time of writing it is impossible to say what the actual yield will be.

On the Blood reserve the advancement in the way of farming has been marked. These Indians had a splendid crop in 1924, and it is believed, when the returns are in, the crop for 1925 will reach the two hundred and fifty thousand bushel mark. On the Hobbema agency in Alberta a marked change is noted.

In Manitoba the cultivation of the soil is receiving better attention than formerly, and this year the Indians of this province have harvested the best crop in their farming history.

The cattle industry among the Indians is showing marked improvement. In 1924 the natural increase of calves was 5,197 and it will probably be even greater when the final returns are in for this year.

The Indians are taking much more interest in stock; they are putting up better shelters for them, and there is less difficulty in inducing them to feed their animals than we have had in the past. They have some of the finest cattle in the three provinces. In the Blood, Peigan and Fisher River agencies particularly there has been outstanding success with the herds, and the increase has been more than was expected.

There has been a marked improvement in the manner in which the Indians are living; the old log shack is fast being replaced by dwellings made of lumber, lath and plaster. There are also many good log houses, and these are still being built, but they are finished with shingled roofs and lumber gables. Many of the Indian homes now compare favourably with those of prosperous white farmers. Most of the newer houses have two or three bedrooms, kitchen, dining-room and living-room, and these houses are well furnished and well kept. The interior of the homes show a great improvement. This improved condition is largely due to the fact that the Indians are doing better farming, and as a result have more money with which to buy the necessaries of life, and also to the fact that they are coming to see the advantage there is in milking cows and keeping poultry and pigs, which provides them with good food, which is much better prepared than formerly. In former years there was great difficulty in inducing Indians to keep their premises clean and tidy. It is a common thing now to see good gardens and well kept fences surrounding new houses.

AGRICULTURAL WORK ON ONTARIO RESERVES

Standing Crop

The department has carried on during the last year standing crop competitions and garden contests which have been instrumental in the production of better crops on the reserves.

School Fairs

School fairs have been conducted on several reserves prizes being offered for produce grown by the children. These fairs are along the lines of similar fairs held in the white schools in the province.

Ploughing Matches

The department has, for a number of years past, been holding ploughing matches on seven or eight reserves. The department has also paid the transportation of representative ploughmen from these reserves to the Ontario Plougnmen's Match, the idea being that the Indians should learn the art of ploughing and distribute the knowledge on their reserves. This has worked out very successfully.

This year at the International match, at Brockville, an Indian boy, Robert Lickers, won the open competition for ploughmen under nineteen years of age, in both sod and stubble ploughing. This boy also won the championship, for Brant county this year.

The shield offered by the Honourable Charles Stewart, for the best Indian ploughman at the Brockville match, was won by William John, a Deseronto Indian.

In the different county ploughing matches held this fall Indians have won many prizes. The champion of the County of Kent is Nicholas Plain, an Ojibwa Indian of Sarnia reserve. This Indian also holds the championship of the State of Michigan. The championship of Elgin and Middlesex counties is held by Sam Thomas, an Oneida Indian of Muncey. The championship of Lambton county is held by Enoch Hill, an Oneida Indian, that of Elgin county, in stubble, is held by Joseph Young, a Chippewa Indian of the Caradoe reserve. The championship for junior ploughmen in Middlesex, Lambton and Elgin

counties is held by an Indian of Caradoe, Clarence Young, and the championships of Brant county and Northumberland county are held by Edmond Green, a Six Nations Indian, and Ernie Crow, a Mississagua, of Alnwick, respectively.

ESKIMO AFFAIRS

During the session 1922 - 23 an amendment to the Indian Act provided that the Eskimos of Canada should be brought under the charge of the Superintendent General of Indian Affairs. These people, who, according to the best available census statistics, now number something over 6,000, were not, previous to this enactment, officially under the supervision of any government department. The Department of Indian Affairs, however, annually afforded them relief, and where occasion offered, assisted them in the matter of education for their children and medical attendance.

The Eskimos are widely scattered across the northern area of Canada, and only once a year can supplies be shipped in to certain central points, from which distribution is made by means of dog-sleds. The Government steamship Arctic, which is sent annually by the Northwest Territories Branch of the Department of the Interior to Baffin Land and posts on the Hudson strait in Ungava, has proved to be of great value in the distribution of supplies to these points, and the Hudson's Bay Company boats, which also make annual trips to this isolated country, serve portions of Ungava and the Northwest Territories.

In Baffin Island, the Eskimo settlements are largely in the south and east, around Cumberland sound, Frobisher bay, and near the trading posts along the coast of Hudson strait. The Eskimos of Ungava are found along the coast line of Hudson strait, west from Port Burwell and as far south as Great Whale river, on the east coast of Hudson's bay. On the west coast of the bay a few of the Eskimos drift down to Fort Churchill, but they are found farther north in greater numbers, around Chesterfield inlet, Baker lake, and in the area including Melville, Boothia and Adelaide peninsulas. There are quite a number, also, in King William land and on some of the other islands off the Arctic coast, as the Eskimos naturally gravitate toward the, sea, from which comes a large portion of their food supply. Scattered groups of natives will also be found around the Coronation gulf and in the district south of it, along the Western Backs river, the Coppermine and Tree rivers, and down to the north shore of Great Bear lake; while in the MacKenzie delta are the natives who have been more closely in touch with civilization, and who have, perhaps, better living conditions than any of the other Canadian Eskimos.

The natives of the Coronation gulf district have suffered great hardship during recent years, owing to the fact that the path of migration of the great cariboo herds has been deflected from the usual route leading across the Coronation gulf to Victoria island. It is unfortunate that since this change of route, the Eskimos of the district have not located the haunts of these cariboo herds which in the past furnished them with clothing as well as food. The department is endeavouring to encourage these natives to turn their attention to securing a large catch of fish which can be dried and used during the long winter season. Fish nets have been sent in, as well as materials from which further nets can be made, and through the Royal Canadian Mounted Police, stationed in this area, the natives will be taught the use of the equipment sent to them and the proper methods of storing fish for later consumption. Nets have also been sent to Chesterfield inlet for use at that point and in the Baker lakes, which are reported to be teeming with fish. In addition to the nets, harpoon irons and a certain amount of ammunition are being distributed at these points and in Baffin Land and Ungava. In Ungava, many of the natives are living in a territory now practically deserted by the fur-bearing animals upon which they depend for their livelihood, and it is felt that these people should be given some new means of support.

Small supplies of relief rations have been sent to Mounted Police posts and to missionaries throughout the Arctic, to be issued when necessary to destitute natives. It was represented to this department by the doctor of the Government steamship Arctic that foodstuffs containing an unusually high vitamine element are essential in the north, and in ordering the supplies sent in special attention was given to this point. This department was fortunate in securing, from the Canadian National Parks Branch a supply of pemmican made from buffalo meat, which is a strong and wholesome food particularly well suited for use in the north. It is felt that this and other highly nutritive relief rations will help to relieve the situation in districts where the depletion of the natural food supply has sometimes resulted in starvation. It is not anticipated that such relief will be necessary for any indefinite period, as the fishing operations which are being encouraged should gradually overcome the existing conditions to a very large extent.

It has not been possible to undertake extensive educational work in this inaccessible country, but the department has given assistance to Eskimo Mission Schools at Aklavik, Shingle Point and Herschell Island in the MacKenzie District; and to the Lake Harbour School in Baffin Land. It was reported to this department that many of the natives in the more remote districts have no conception of the laws of their country, it being taken as a matter of course by them that a man should resent injury or protect his property by killing the offender. Simply worded posters have been prepared in the Eskimo dialects prevailing in the eastern and western Arctic areas, explaining the law in this connection, and these have been distributed in districts recommended by the Mounted Police and the missionaries, with a view to assisting in the gradual education of these natives in adapting themselves to standards utterly.foreign to their past mode of life.

The department has not undertaken any large outlay in regard to medical attention, as we are informed there is surprisingly little sickness throughout the north, and the greatest physical difficulties of the Eskimo are the result of the famine periods following poor seasons for game. One of the departmental medical attendants is stationed at Fort McPherson, and he serves those Eskimos located in the MacKenzie delta. The department makes a practice of forwarding supplies of drugs and simple remedies to the missionaries, Mounted Police, and traders of the Arctic, who have done excellent work in treating the ordinary ailments of the natives and in reporting cases requiring special treatment. The doctor of the Government steamship Arctic, as well as the doctors of the Hudson's Bay Company boats, treat many of the natives on their annual trips to the north, as it is the custom of the police, traders and missionaries to bring down to the boats natives requiring medical attention.

Too much cannot be said of the assistance given by the Royal Canadian Mounted Police, on whose reports is largely based the administration of the affairs of the Eskimo. While the police posts are widely scattered, their patrol system throughout this frozen country links together the many scattered groups of natives, and makes available a working knowledge of conditions in the various districts. The missionaries who have selected this northern territory as their field of labour, and the officers of the various trading companies have also rendered invaluable assistance to the department. Dr. Knud Rasmussen, the Danish explorer who made the trip across the Canadian Arctic last year, has given the department a great deal of highly valuable information regarding the location, customs, and needs of the natives, and we are indebted to him for a more complete and detailed census of the Eskimos of Canada than has previously been available. Dr. Rasmussen stated his belief that Canada has every reason to look forward to a bright future for the Canadian Eskimo, and the information given by him regarding the rapid advancement of the Greenland Eskimos, when considered in conjunction with the work accomplished by the United

States Government among the Eskimos of Alaska, encourages the belief that an area which has in the past been considered almost hopelessly barren will become a real asset to the Dominion.

BUILDINGS

INDIAN RESIDENTIAL SCHOOLS

A new residential school was built on the Duck Lake Reserve, Saskatchewan.

A new residential school was completed for the Church of England on the Blood Reserve, Alberta.

A new residential school (Roman Catholic) was built at McIntosh, in northern Ontario.

A girls' wing was built on the new Kamloops Indian Residential School at Kamloops, B.C.

An addition was provided for the File Hills Indian Residential School.

A combined day school and teachers' residence was built on the Garden River Indian Reserve, Ontario, and also for the Oneida Reserve, Ontario.

OTHER BUILDINGS

A Roman Catholic church was built on the Tobique Indian Reserve, New Brunswick.

A new hospital building was erected at Norway House, and took the place of the one that was destroyed by fire in 1924.

A barn was built for the Fraser Lake Indian Residential School, British Columbia.

BRIDGES, DRAINAGE, IRRIGATION SYSTEMS, ROADS AND WHARVES

The department has carried out on the several Indian reserves during the current year the following engineering works: -

BRIDGES

Bridges were constructed or repaired on the following reserves: -

Cowichan, B.C.; Eel Ground, N.B.; Garden River, Ont.; Sarnia, Ont.; Six Nations, Ont.; Parry Island, Ont.; Tyendinaga, Ont.; Fort Alexander, Man.; Maniwaki, P.Q.; and Massett Village, B.C.

DRAINAGE SYSTEMS

Drainage systems have been constructed, or improved, on the following reserves: -

Temiskaming, P.Q., and North Temiskaming, P.Q.; Pemberton Meadows, B.C.; Six Nations, Ont.; and Sarnia, Ont

DYKING

Dyking work is still in course of progress along the St. Mary's river, on the Kootenay Indian Reserve, B.C., also on the Whycocomagh Indian reserve, N.S.

IRRIGATION SYSTEMS

Irrigation systems have been installed, or are being improved, on the farming lands of the following reserves: -

Lytton, Okanagan, Bridge River, and Kamloops, all in British Columbia.

WATER-WORKS SYSTEMS

Water-works systems for domestic purposes and fire protection have been installed on the McIntosh Reserve, Ont.; and the Skwah and Sliammon Reserves, B.C.

ROAD WORK

Repairs, improvements of roads, and maintenance of highways, have been carried out on the following reserves: -

Mud Lake, West Bay, Six Nations, Saugeen, Sheshegwaning, Alnwick, Cape Croker, Walpole Island, Gibson, Caradoc, Moravian, Oneida, Tyendinaga and Sheguiandah, Ontario; Ouiatchouan, Temiskaming, Abenakis, Maniwaki, Restigouche, Caughnawaga, Becancour, Doncaster, St. Regis, Quebec; Tobiqtie, New Brunswick; Afton, Heatherington and Whycocomagh, Nova Scotia; also Eskasoni in Nova Scotia; Kootenay, British Columbia; Sandy Bay, Manitoba.

SEWAGE DISPOSAL SYSTEMS

Sewage disposal systems have been installed in connection with the following Indian Schools: -

Bersimis, P.Q., Caughnawaga, P.Q., and Duck Lake, Sask.

SURVEYS

The following is a statement of the principal surveys and investigations made by the Survey Branch during the fiscal year which ended March 31, 1925: -

Nova Scotia. - Boundary survey at Middle River Indian Reserve.

Quebec. - A number of boundaries of Indian holdings in Caughnawaga were re-established.

Ontario. - A boundary of Tyendinaga Indian Reserve was reposted and several lot lines re-established.

An inspection survey and small subdivision survey was made at Rama Indian Reserve.

A number of islands in Georgian bay were revaluated and several correction surveys were made in connection with some of these.

West boundary of Fort William Indian Reserve was re-established and check surveys made of properties sold to the city of Fort William.

A survey was made of the property acquired for the Mclntosh Boarding School.

A lot line was re-established in the Alnwick Indian Reserve.

A reclamation survey was made at Walpole Island.

Manitoba. - A portion of the Blood Indian Reserve subdivided for Indian purposes.

Reserves were selected and surveyed at Oxford Lake and God's Lake for the bands of those localities.

Road surveys were made in the Pasqua, Muscowpetung and Piapot reserves and a drainage survey was made in these reserves.

British Columbia. - Twenty-three reserves were surveyed in British Columbia in accordance with the Royal Commission's report.

Road surveys were made in Papewatchin Indian Reserve No. 4 and Cowichan Indian Reserve No. 1.

Resurvey was made of the boundaries of the Canoe Creek Indian Reserve No. 1.

EDUCATION

Five years ago the Indian Act was amended to provide for the compulsory attendance at school of all physically fit Indian children from 7 to 15 years of age. This action, together with an awakened interest in education on the part of parents generally, has resulted in residential schools being filled to the limit of their capacity and an increased enrolment at day schools. A comparison of enrolment and attendance figures for the past five years shows a general expansion in Indian educational work.

During the fiscal year 1919 - 20, there was at the 247 day schools then in operation an enrolment of 7,477 and an average attendance of 3,516. The same number of day schools were in operation last year and there was an enrolment of 8,191 and an average attendance of 4,601. Five years ago, at 74 residential schools there was an enrolment of 4,719 and an average attendance of 4,133. Last year, at the 73 residential institutions which were in operation, there was an enrolment of 6,031 and an average attendance of 5,278.

In 1919 - 20 the total enrolment at all classes of Indian schools was 12,196; last year it was 14,222, an increase of 2,026. The important figures, however, are those showing total average attendance: 1919 - 20, 7,649; 1924 - 25, 9,879; or an increase of 2,230. The increasing importance of educational work among Indian children will be noted when it is pointed out that each day of the school year there were 2,230 more pupils at their desks than five years ago. The percentage increase since 1919 - 20 in work actually done is 29.15, or an average increase per annum of 5.83 per cent. The increase in average attendance is larger than in enrolment, the percentage of attendance in 1919 - 20 being 62.56 and in 1924 - 25, 69.46. In short, from year to year, not only are more Indian children attending school, but they are attending more regularly.

It may be added that Indian children throughout Canada are studying more advanced work than in the past. The total enrolment by standards is shown for the two fiscal years under review as follows: -

STANDARDS

...	I	II	III	IV	V	VI	Total
1919 - 20	5,869	2,162	2,018	1,258	618	271	12,196
1924 - 25	6,251	2,707	2,250	1,692	836	486	14,222

Five years ago 2,147 pupils were enrolled in grades IV, V and VI. Last year the number was 3,014. High school subjects are offered in several residential schools and in a few day schools. Further, 125 Indian students were enrolled in high schools and colleges in Canada.

There were 73 residential and 247 day schools in operation during the year a total of 320 Indian schools. In addition, the department assisted in the maintenance of 13 combined white and Indian schools. In Part 2 of this report will be found a tabular statement showing the location and indicating the enrolment in the case of each school. In addition to the 14,222 pupils shown in the tabular statement, there are 125 advanced students and some 50 Indian children who are attending public schools. A total of approximately 14,400 of the youth of our wards received a schooling last year.

Several of the churches are associated with the department in Indian educational work and are engaged in the management of Indian day and residential schools, as follows: -

Roman Catholic	39 residential and 78 day.
Church of England	20 residential and 72 day.
Methodist	7 residential and 39 day.
Presbyterian	7 residential and 5 day.
Salvation Army	residential and 1 day.
Undenominational	residential and 52 day.

Last year 21 Church of England residential schools were shown. The decrease of one is accounted for by the amalgamation of the Alert Bay Girls' and Boys' Schools.

The Department of Indian Affairs and the churches interested have made special efforts during the year to give better vocational training to pupils at Indian residential schools. It is the aim to make graduates of these institutions self-supporting members of their respective communities. Instructors have been asked to correlate classroom exercises with vocational training and home interests. To this end more and better equipment for these schools is being provided from parliamentary appropriation.

The graduate problem has lately been given serious consideration. Many older Indian pupils of promise are being given an academic or vocational training in public schools and business colleges in competition with white children. The department has stimulated and will continue to quicken an interest on the part of field workers in the graduate who is desirous of establishing himself on a reserve. No effort will be spared to make young Indian men and women self-supporting and economically independent. Assistance, is given to worthy ex-pupils who are starting out for themselves.

The health of Indian children, particularly those in residential schools, has been the subject for considerable thought and activity. A special effort is now being made in the matter of physical education and the department has arranged for fairly comprehensive medical and dental supervision and treatment. Milk herds are being tested and the children's diet at these institutions carefully controlled. In the Prairie Provinces, travelling nurses visit Indian schools regularly to this end. The department is co-operating with the Canadian Junior Red Cross in the promotion of better health for Indian children.

During the year there was considerable building activity. New classrooms or teachers' residences were provided at certain successful Indian day schools. The old buildings at the Duck Lake Indian Residential School, Sask., and at the St. Paul's Institution, Alta., were replaced by modern structures adequate for the purposes of academic and vocational training. One wing of the new Kamloops Indian Residential School, B.C., was erected during the year. The reconstruction of the Onion Lake Indian Residential School, Sask., was commenced and additions were erected at the File Hills, (Sask.) and Cross Lake (Man.) boarding institutions. Educational facilities for the Indians of the Lac Seul area, in western Ontario, have been quite inadequate and a small residential school was erected during the year at McIntosh, on the main line of the Canadian National Railway.

In many parts of Canada, the present younger generation of Indians is clamouring for an education. A special effort has been made, since 1918 - 19, the last year of the war, to improve the program and expand the educational activity. Larger appropriations have been necessary and have been used for the replacement of old buildings and equipment and the engagement of better qualified instructors. Departmental supervision of the academic and vocational training has been more thorough,than heretofore; and further, in all parts of Canada except the Far North, public and separate school inspectors or other qualified officers check the classroom activity in Indian schools. Better trained teachers are being engaged and more classroom, vocational and recreational equipment is being supplied in an effort to make the instruction more attractive. T he churches interested have arranged more centralized control and this has resulted in better supervision from their standpoint and closer cooperation with the Government.

The expenditure for Indian education from parliamentary appropriation for the fiscal year ended March 31, 1925, amounted to $1,854,608.86, as follows: -

In addition to the above, certain bands of Indians, whose funds were sufficient to meet the expenditure, contributed the sum of $65,495.84 for school purposes. The interest contributions were for current expenses, salaries of teachers, minor repairs and tuition grants. The expenditure from Capital was for the erection of a teacher's residence. For the fiscal year ended March 31, 1924, the amounts so contributed were as follows: -

LANDS AND TIMBER

LANDS

Sales of surrendered, surveyed lands are shown in the tabular statement appearing in Part II of this report. During the past year 21,622.99 acres were sold, realizing $36,710.04. The number of land patents issued during the year ending March 31 last was 209, and returns of Crown grants to the number of 30 were prepared and forwarded to the registrars of the counties and districts in which the lands patented were situate, and four returns were made to the Provincial Secretary of Ontario covering lands patented within that province.

LOCATION TICKETS

Location tickets granting title under the provisions of the Indian Act to individual owners for lands on the reserve, were issued during the past year to the number of 83, and on March 31 last there were current 2,578 location tickets.

LEASES

Under the provisions of section 11 of the Regulations for the Disposal of Indian Lands, leases were issued to white men at the request of the Indian locatees to the number of 139, and on March 31 last there were 1,252 leases current.

ENFRANCHISEMENT

Under the provisions of section 122A of the Indian Act there have been enfranchised during the past fiscal year 52 Indians heads of families, comprising a total number of men, women and children of 132. The total number of Indians enfranchised to March 31, 1925, under this section is 1,202.

During the past year one enfranchisement was carried out under section 107 of the Indian Act, whereby the enfranchised Indian obtained title to the land formerly held by him within the reserve, and also his share of the capital or other band funds.

TIMBER

The quantity of timber cut on Indian Reserves in the Dominion wag appreciably greater during the season 1924 - 25 than in the previous year, lumbering operations on Reserves in the province of British Columbia, producing a quantity equal to the entire cut on reserves throughout Canada reported in the year 1923 - 24. As the demand for timber limits was very slight, very few sales of standing timber were made, the department deeming it advisable in the Indian interest, to postpone further sales until such time as market conditions would improve.

The quantities and kinds of timber cut on Indian reserves, for sale, during the year, were as follows: -

Fir (Douglas)	23,340,182	f.b.m.
Pine (Yellow)	12,231,392	f.b.m.
Pine (White)	1,459,67	f.b.m.
Pine (Red or Norway)	431,962	f.b.m.
Pine (Jack or Bauksian)	275,770	f.b.m.
Spruce (various species)	4,985,875	f.b.m.
Hemlock (Western)	4,854,637	f.b.m.
Hemlock (Eastern)	1,852,596	f.b.m.
Cedar (Red)	6,590,738	f.b.m.
Cedar (White)	2,725,938	f.b.m.
Tamarac	4,793	f.b.m.
Fir (Balsam)	41,208	f.b.m.
Maple	635,566	f.b.m.
Beech	272,239	f.b.m.
Ash	197,874	f.b.m.
Elm	100,850	f.b.m.
Birch	650,795	f.b.m.
Oak	28,700	f.b.m.
Basswood	242,031	f.b.m.
Poplar	40,197	f.b.m.
Cottonwood	923,451	f.b.m.
Cordwood (mixed)	7,456 1/2	cords.

Pulpwood (spruce and balsam)	30,479 1/2	cords.
Shingle bolts (cedar)	1,701 1/4	cords.
Boom timber (various)	20,685	cu. ft.
Ties (various)	331,255	Posts (cedar)
833	Poles (cedar)	1,547
Piling	35,060	lin. ft.

The total quantity of timber cut for sale, in terms of board measure feet, was approximately eighty-seven million and in addition to this, the Indians cut for their own use approximately six million f.b.m. of timber for building and fencing purposes and 18,000 cords of fuel wood besides an unreported quantity of material for the native manufacture of baskets, axe handles, etc.

Sales of timber, made during the year were: -

Doncaster Reserve, Quebec	Deposit	$100 00
Pentledge Reserve, No. 2, British Columbia	Deposit	850 25
Malahat Reserve No. 11, British Columbia	Deposit	975 00

Cash receipts were as follows: -

Payments on account	$29,463 60
License dues and royalties	116,524 69
Permit dues	26,553 78
Deposits	4,135 65
Interest charges	584 86
Trespass dues	2,930 82
Rentals and fees	2,392 00
Fines	120 00
Total	$182,705 40

There were thirty-five timber licenses current on April 30, 1925, being the same number as the previous year, one having been cancelled, one relinquished, one terminated and three new ones having been issued.

A forest protective service was maintained by Indian rangers on such reserves where the fire risk necessitated patrol, the amount expended for this service being $8,538.16, of which $3,036.41 was used for the, purpose of extinguishing forest fires.

A survey of the forest resources of Indian reserves in the province of Ontario was completed during the past year, showing that 141 reserves having a total area of 1,320,500 acres contained 456,770,000 f.b.m. of merchantable timber besides approximately 1,100,000 cords of wood.

Arrangements were made with the Department of the Interior and with the provinces of New Brunswick, Quebec and British Columbia for close co-operation with their field staffs so that forest fires originating or extending to Indian reserves are promptly reported, isolated and extinguished, and posters in the English, French and Indian languages were distributed among the Indians, impressing on them the importance of taking every possible precaution to avoid outbreaks of forest fires.

SUMMARY OF INDIAN AFFAIRS IN THE VARIOUS PROVINCES BASED ON THE REPORT OF THE DEPARTMENT'S AGENTS AND THE INSPECTORS FOR THE FISCAL YEAR ENDED MARCH 31, 1925.

The local administration of the Indian lands, on the reserves scattered throughout the Dominion, is conducted through the department's agencies of which there are in all 114. The number of bands included in an agency varies from one to more than thirty. The staff of an agency usually includes various officers in addition to the agent, such as the medical officer, clerk, farm instructor, field matron, constable, stockman, etc., according to the special requirements of the agency in question. At many of the smaller agencies in the older provinces, where the Indians are more advanced, the work is comparatively light, requiring only the services of an agent. The work of the agencies is supervised by the department's inspectors, each inspector having charge of a certain number of agencies.

ONTARIO

Agencies. - The following agencies are included in the province of Ontario: Alnwiek, Bay of Quinté, Cape Croker, Chapleau, Chippewas, Munsees, and Oneidas of the Thames, Christian Island, Fort Frances, Georgina and Snake

Islands, Golden Lake, Gore Bay, Kenora, Lake Superior (Eastern and Western Divisions), Manitowaning, Mississaguas of the Credit, Moravians of the Thames,

Parry Sound, Rama, Rice and Mud Lakes, Sarnia, Saugeen, Scugog, Six Nations, Sturgeon Falls, Thessalon and Walpole Island.

Tribal Origin. - The great majority of the Indians of Ontario are Ojibwas, and are of Algonkin stock. The Oneidas of the Thames, the Mohawks of the Bay of Quinté, the Mohawks of the Parry Sound district, and the Six Nations of Brantford are of Iroquoian stock. There is a band of Pottawattamies at Walpole island, and Delawares at the Caradoc agency; these are of Algonkin stock.

Occupations. - The Indians in the western and central parts of Ontario engage largely in farming. The reserves generally are well suited to this purpose and the activity of the department's field agents has resulted in a steady improvement both in the methods of operation and the results achieved. The success achieved by the returned soldiers of this province has been especially creditable and they are rapidly developing prosperous communities.

During the summer months Indians find a profitable source of income as guides and canoe-men. Many are employed at various industries and trades while railway and navigation companies employ a large number. As a rule they are excellent bushmen and many find employment in the various lumber camps. There is still an excellent market for snowshoes, canoes and mocassins and these are usually manufactured by the other members of the community.

The women also have many sources of income; some are employed as domestics; others support themselves by making baskets and fancy work. In certain districts berry-picking is an important item and furnishes considerable income.

Health. - The health of the Indians of Ontario has been good during the past year. While tuberculosis is still their worst enemy the efforts of the department for the past decade have borne fruit and this disease is noticeably less than in previous years.

Dwellings. - A great majority of the Ontario Indians have comfortable farmhouses which compare very favourably with those of their white neighbours. Many own houses of brick and stone, but in the outlying and more remote districts the old log houses are in the majority. In the more settled districts the Indians have followed the examples of the whites and both houses and farm buildings are comfortable and of excellent construction.

New Ontario. - In the remote parts of Ontario hunting and fishing are still the chief sources of livelihood. While fur has been very scarce the price has been correspondingly high. Fishing, however, has not been as successful this year owing to the scarcity of the market and the low prices. Acting as guides and canoe-men during the summer months adds considerably to their income. While agriculture is not carried on to any extent most of the bands grow considerable crops of potatoes and vegetables. They are, of necessity, more or less nomadic and consequently live in tents most of the year. This condition will greatly change as civilization progresses.

The health has been generally good, although somewhat subject to tuberculosis.

QUEBEC

Agencies. - The following agencies are included in the Province of Quebec: Bécancour, Bersimis, Caughnawaga, Lake St. John, Lorette, Maria, Mingan, Oka, River Desert, Restigouche, Seven Islands, St. Regis, Temiskaming and Viger.

Tribal Origin. - The principal tribes found in Quebec are: Iroquois at Caughnawaga, lake of Two Mountains, and St. Regis; the Hurons of Lorette are also of Iroquoian stock; the Montagnais, who are also of Algonkin stock, at Bersimis Mingan, Lake St. John, Seven Islands; the Abenakis, also of Algonkin stock, at Bécancour and St. Francis; the Micmacs, also of Algonkin stock, at Maria and Restigouche; and the Malecites, also of Algonkin stock, at Viger.

In the agricultural districts of the province the Indians are developing a keener interest in farming operations and are making a decided success. In the Gaspe peninsula the Indians find employment in the lumber camps and mills, but on the north shore of the gulf fishing, hunting and trapping are still the principal sources of income. In the northern part of the province lumbering is the chief.pursuit. One of the principal industries of the Indians of Quebec is making baskets, and many of the Indians spend the summer months at the resorts in order to dispose of the baskets, lacrosse sticks, racquets, moccasins, etc., to the tourists. Some of them, particularly in the Saguenay district, act as guides and canoe-men.

Health. - On the whole, the health of the Indians of Quebec has been good during the past year.

Dwellings. - In the older settled districts of the province the Indians own many excellent stone and brick houses. Generally speaking, the buildings are almost all of good construction, comfortable and sanitary. In the more remote districts, where hunting and trapping are still the principal occupations, the Indians necessarily live in tents during the greater part of the year.

The North Shore. - Along the north shore of the gulf of St. Lawrence, the Indians have been taking a marked interest in the fishing industry. At Mingan, Natashkwan, Romaine, St. Augustine, and Moisie, the fishing is under departmental supervision. Salmon and cod are the principal marketable fish and are a source of considerable income to the Indians. The land is not suitable for extensive cultivation but many of the Indians have very creditable gardens.

NEW BRUNSWICK

Agencies. - There are three agencies in the province of New Brunswick, the Northeastern located at Buctouche, the Northern located at Perth, and the Southwestern located at Fredericton.

Tribal Origin. - The majority of the Indians of New Brunswick belong to the Micmac race, which is of Algonkin stock. In addition to these there are some bands of Malecites, also of Algonkin stock.

Occupations. - In the Northeast division the Indians are mostly engaged in fishing, hunting and trapping. Some farming is carried on, and the Indians have rather tended to increase their interest in this regard.

The lumbering industry employs quite a large number and the Indians all through the eastern provinces have become very proficient in the lumber camps, on the river drives and in the mills. In the Northern division there is less farming carried on, and the Indians during the summer months find employment generally as day labourers. In the Southern division they support themselves chiefly by the manufacture and sale of Indian wares.

NOVA SCOTIA

Agencies. - There are nineteen Indian agencies in the province of Nova Scotia, namely: Yarmouth, Digby, Shelburne, Queens, Lunenburg, Annapolis, Kings, Windsor, Shubenacadie, Halifax, Cumberland, Colchester, Pictou, Antigorish-Guysboro, Richmond, Inverness, Victoria, Sydney, and Eskasoni.

Tribal Origin. - The Indians of Nova Scotia are of Algonkin stock, and bear the distinctive name of Micmac.

Occupations. - They follow various occupations, but, as a rule, do not confine themselves to any particular one. Many of them cultivate the land with indifferent success, but as there are exceptions in almost every case, so it is with our Indians; a few of them are succeeding very well as farmers. The majority of those living near industrial centres usually work as day labourers. Hunting, trapping, and acting as guides for sportsmen are favourite occupations, more especially with Indians of middle age. Basket-making, and the

manufacture of fancy moccasins, etc., are confined mostly to women. A profitable employment among Indians in a few sections of Nova Scotia is the manufacture of hockey sticks, and they appear to be experts at the business.

Health and Sanitation. - The general health of Indians in this province during the past year was normal. No disease of an epidemic character appeared among them. They suffer most from tuberculosis, which, however, seems to be less in evidence than formerly. Sanitary regulations are very well observed by most of them, and they begin to realize fully the importance of cleanliness and pure air as preservers and promoters of good health.

Buildings. - With very few exceptions, Indians in Nova Scotia occupy houses of frame construction, well finished on the outside, but unfinished inside. Every settlement, however, has a few comfortable dwellings well finished throughout. Other buildings owned by Indians - barns and storehouses - are mostly of frame construction also.

PRINCE EDWARD ISLAND

Agency. - One agency is sufficient for the purposes of the department in this province, as the total Indian population is only 292.

Tribal Origin. - The Indians of this province all belong to the Micmac tribe, which is of Algonkin stock.

Occupations. - But few of the Indians of Prince Edward Island are farmers. The principal industries are basket-making and fishing. The oyster fisheries which had been a complete failure for some years, axe again profitable and have added somewhat to the income of the Indians.

MANITOBA

Agencies. - The following agencies are included in the Province of Manitoba; Fisher River, Clandeboye, Norway House, Griswold, Portage la Prairie and Maritowapah, Pas and Birtle.

Tribal Origin. - The majority of the Indians of Manitoba belong to the Ojibewa race, which is of Algonkin stock. Bands of Swampy Crees are found at the Norway House and Fisher River agencies and in the York factory district; these are also of Algonkin stock. The Indians located at the Griswold agency are Sioux; there are also Sioux at the Birtle and Portage la Prairie agencies. There is a band of Chipewyans at Fort Churchill; this tribe is of Athapascan, stock.

The reserves in Manitoba suitable for extensive agriculture are mainly within the Birtle, Griswold, and Portage la Prairie agencies. On some reserves during the last two years the crops have not been up to the standard and the Indians have somewhat lost heart in their farming operations, but generally speaking progress has been satisfactory.

In the northern agencies the occupations are mostly hunting and trapping, but fishing has been becoming a more and more important factor during the past four or five years, and considerable income has been derived there from. While fur had been scarce the price has been high and the market for fish has increased. All of the northern Indians are expert guides and canoe-men, and many find employment in this way or with the transport or fur companies.

In the southern and more settled districts many of the younger people seek employment as day labourers, and owing to the high wages have been fairly prosperous. The Indian women make needle work, baskets, etc., for which there is a ready market.

Health. - The health of the Indians throughout the province has been good, in fact a steady improvement has been very noticeable. More sanitary methods of living and more comfortable houses and more steady incomes have tended not a little towards this improvement. The houses are more comfortable

and of better construction; as a rule they are well furnished and the Indians are living in more and more comfort. While in the north the nomadic life of the Indians does not permit of other than the old fashioned log house, still even these are being greatly improved and in some cases are being replaced by suitable frame dwellings.

SASKATCHEWAN

Agencies. - The following agencies are included in the province of Saskatchewan: Assiniboine, Battleford, Carlton, Crooked Lake, Duck Lake, Moose Mountain, Onion Lake, Pelly, Qu'Appelle, and Touchwood Hills.

Tribal Origin. - The most numerous tribes among the Saskatchewan Indians are the Ojibewas, Swampy Crees and Plain Crees, which all belong to the great Algonkin stock. In addition to these, Sioux Indians are found at the Assiniboine, Moose Mountain, Qu'Appelle and Carlton agencies, and on the Moose Woods reserve. In the Onion Lake agency there is a band of Chipewyans, who are of Athapascan stock. There are also a few Chipewyan Indians in the Isle à la Crosse district.

The principal occupation of the Indians of Saskatchewan is mixed farming and stock-raising. The close supervision which the department has had over these Indians has tended to greatly improve their method of farming and consequently their crops and income derived from them nave greatly increased. Most of the Indians are well provided with good quality of machinery. As a rule they have good stock and suitable houses. In the outlying districts, however, hunting and trapping are still the main sources of income and will so remain until civilization encroaches upon the hunting grounds.

Health. - The health of the Indians of Saskatchewan has on the whole been good and shows some improvement over previous years. The department has instituted a staff of nurses, with headquarters at Regina, which are available for duty at any reserve when called upon. It is hoped that by constant supervision and instruction that the health of the Indians will continue to show even greater improvement than in the past.

Dwellings. - The dwellings of the Indians on the reserves where farming is carried on are now mostly of frame construction. The outbuildings, however, are generally of logs, but even there there has been some improvement.

ALBERTA

Agencies. - The following agencies are included in the Province of Alberta: Blackfoot, Blood, Edmonton, Hobbeina, Peigan, Saddle Lake, Sarcee, Stony and Lesser Slave Lake.

Tribal Origin. - The Alberta Indians are of Algonkin stock, with the exception of the Sarcees near Calgary and the Beavers and Slaves in the Lesser Slave Lake agency, who are Athaspascan, and the Paul's band in the Edmonton agency, who are Iroquoian, and the Stonies, Who are of Siouan stock. The Algonkin Indians of Alberta are subdivided into Blackfoot nation, comprising the Indians of the Blackfoot, Blood and Peigan agencies, Plain Crees found in the Lesser Slave Lake, Saddle Lake, and Hobbema agencies, and a band of Ojibewas at Moberly Lake, in the Lesser Slave Lake agency.

The principal occupations of the Indians of Alberta are farming and stock raising. Almost all the reserves in the settled districts of the province have large herds of horses and cattle.

In the northern parts of the province hunting and trapping are still almost the sole sources of income; there is practically no farming carried on and the

construction of steamers on the Peace and Athabasca rivers, and of the railways to Peace River Crossing and Fort McMurray, have greatly lessened the wages of the Indians with the trading companies and transports. However, the price of fur has been even higher than in past years.

Buildings. - In the southern part of the province the dwellings and farm buildings are of excellent construction and quality. Almost all the reserves where extensive farming is carried on boast of up-to-date modern dwellings, comfortable and well constructed. In the northern parts of the province the majority of the Indians continue to follow their primitive nomadic mode of life, and many of them still live in tents and tepees during the greater part of the year.

BRITISH COLUMBIA

Agencies. - The following agencies are included in the Province of British Columbia: Babine and Upper Skeena, Bella Coola, Cowichan, Kamloops, Kootenay, Kwawkewlth, Lytton, New Westminster, Okanagan, Queen Charlotte, Stikine, Stuart Lake, Vancouver, West Coast, Williams Lake and Skeena River.

Tribal Origin. - The Indians of the Bella Coola, Cowichan, Kamloops, Lytton, New Westminster, Vancouver, and Okanagan agencies belong to the Salish tribe. The Kootenay tribe is located in the agency of the same name. The Kwakiutl-Nootka tribe is located at the Kwawkewlth and West Coast agencies; the Haidas, in the Queen Charlotte islands; the Tlingits, in the Stikine; and the Tsimshians, in the Skeena River agency. The Indians of the Babine, Stuart Lake and Williams Lake agencies belong to the Athapascan race.

In addition to these there are about 3,000 nomadic Indians in the province who cannot be correctly classified according to linguistic stock or tribal origin.

Occupations - The occupations of the Indians of British Columbia vary with their habitat. The Indians situated along the coast earn their livelihood principally by fishing. In many instances they own their own motor-launches, nets and gear, while others are supplied by the various canneries. Many of the women are also employed in the canneries or in the hop fields, and make a very steady income.

The Indians of the Queen Charlotte islands own and operate their own small plant for rendering the oolachan or candle fish. In the inland parts of the province some farming operations are carried on and particularly in the irrigated districts grain, fruits of all kinds, and vegetables have been raised with success.

These Indians have been making marked progress in this regard and are now well equipped with modern machinery

The Kootenay, Kamloops, Okanagan and New Westminster Indians own large herds of horses and cattle. While the Indians in the northern and remote parts of the province still depend upon hunting and trapping for their livelihood, the agents report a marked improvement in their manner of living.

Dwellings. - Except for the more remote districts the Indians have built comfortable and modern dwellings and outbuildings. Their progress in this respect has been perhaps more rapid than any other Indians of the Dominion.

NORTHWEST TERRITORIES

Agencies. - The department has now three agencies in the Northwest Territories, namely Fort Simpson, Fort Smith, and Fort Resolution

Tribal Origin. - The principal tribes found in the Far North are the Slave, Haxes, Loucheux, Sicannies, Dogribs, Yellow-knives, Chipewyans and Caribou

Eaters. All these tribes are of Athapascan stock. There are a few Crees in the neighbourhood of Chipewyan. These are of Algonkin stock. The most northerly tribes are the Takudah, who extend to the Mackenzie Delta; and the Copper Mines, who are located along the Coppermine river. The territory occupied by these two last-mentioned tribes is contiguous to that inhabited by the Eskimos.

These Indians depend entirely upon hunting and trapping for a livelihood. The department in 1921 made a treaty with the Indians along the Mackenzie river thus bringing under the supervision of the Dominion Government practically the only Indians in Canada with whom treaty had not been made.

Occupations. - A few have been induced to raise small plots of potatoes. They own no horses or cattle, transportation being almost entirely by canoe along the great waterways, or by dogs in winter. They catch and preserve large quantities of whitefish for their own use and for consumption by their dog-trainers in winter.

Health. - Tuberculosis and scrofula are the diseases most prevalent among the Indians of the north. As they are forced to move from place to place their methods of living are primitive and the lack of vegetables is a source of menace to their health; however, conditions are greatly improving.

YUKON

Tribal Origin. - The Forty Mile, Blackstone, and Moosehide bands belong to the Takudah tribe. There is a band of Slavies at Lancing Creek who migrated from Fort Good Hope, on the Mackenzie river; another band of Slavies, called Nahanies, is located at the headwaters of the Polly river. All these Indians are of Athapascan stock. At Mayo, Selkirk, Little Salmon and Carmacks there are bands belonging to the tribe known as Stick Indians. Bands belonging to the Tlinjit tribe are found at Whitehorse, Teslin Lake, Champagne Landing, and Carcross.

Occupations. - Hunting, trapping add fishing are the chief occupations of the Yukon Indians, and they have been fairly successful during the past year. The women also derive some revenue from the sale of mocassins and curios of various kinds, while the men are expert at making toboggans and snowshoes. Practically no farming is carried on owing to climatic conditions, but some of the Indians cultivate patches of potatoes and other vegetables.

Health. - The general health of the Indians has been good. No epidemics have been reported and although improvement in sanitary conditions is necessarily slow owing to the remoteness of the district, some improvement has been noticed.

FINANCIAL

At the close of the twelve months ended March 31, 1925, capital of the Indian Trust Fund, which at the end of the preceding year amounted to $11,931,368.74, had increased to $12,124,389.17.

The amounts expended from the Consolidated Revenue Fund were as follows: Voted by Parliament for the purposes of the department, $3,607,196.27, and annuities by statute, $214,360.

On March 31, 1925, the balance to the credit of the Indian Savings Account for the funding of the annuities and earning of pupils at industrial schools was $167,279.17. Deposits and interest during the twelve months aggregated $45,649.60, and withdrawals, $28,832.50.

GENERAL

Last year a complete census was made by the department of the Indians and Eskimos of Canada, which was published in the annual report. This was the first census that had been made since 1916 and it shows slight increase in the Indian population as compared with previous records. A recapitulation of this census will be found in Part II of this report, which follows herewith, and therein also will be found statistics with regard to Grain, Vegetable and Root Production: Land, Private and Public Buildings and Property; Live Stock and Poultry; General Effects; Value of Real and Personal Property and Progress during year; Sources and Value of Income; Schools; Indian Land; Civil Government; Appropriation Accounts and Indian Trust Fund.

I have the honour to be, sir,
Your obedient servant,
DUNCAN C. SCOTT,
Deputy Superintendent General of Indian Affairs.

Civil Service, Commission: Rate of Pay for Position of Inspector of Construction

(Continuation of correspondence on page 1 - 190, Report for 1923 - 24)

AUDITOR GENERAL'S OFFICE, July 14, 1925.

SIR, - On October 4th, 1924, the Auditor General wrote you with regard to the rates of pay for the position of Inspector of Construction, asking the opinion of the Commission as to whether an inspector, employed more or less continuously, at a daily rate of $6 or $7 a day, could be paid up to $180 or $210 per month or whether the amount payable in any one month is limited by the monthly rate established by the Commission.

So far, no reply, to this letter has been received at this office, and, as the question involved is one that comes, up from time to time, a definite ruling thereon is requested.

Your obedient servant,
J.W. REID, for A.G.

The Secretary, Civil Service Commission.

CIVIL SERVICE COMMISSION, July 23, 1925.

DEAR SIR, - I am directed to acknowledge receipt of your letter of the 14th instant on the above subject, and to state that you will be further advised on the points you raise at an early date.

Yours very truly,
W. FORAN, Secretary.

The Auditor General.

AUDITOR GENERAL'S OFFICE, October 12, 1925.

SIR, - On October 4th, 1924, and July 14th, 1925, I wrote you asking the opinion of the Commission as to whether an inspector of construction employed at a daily rate of $6 or $7 could be paid up to $180 to $210 per month or whether the amount payable in any one month was limited by the established monthly rate.

On July 23rd, 1925, you replied, stating that further information would be given at an early date.

I have received no further communication from you since and would be pleased if you would send, me the information as soon as convenient.

Your obedient servant,
WM. KEARNS, Asst. A.G.

The Secretary, Civil Service Commission.

NOTE BY A.G. - No reply has been received to date, Dec. 31, 1925.

Payments to Salaried Physician for Special Medical Services

(Continuation of correspondence on page 1 - 194, Report for 1923 - 24)

DEPARTMENT OF INDIAN AFFAIRS, December 13, 1924.

DEAR SIR, - With reference to request in your letter of the 2nd instant for a reply to a letter you wrote this Department on May 3, 1924, regarding payments to Dr. W.H. Woods, of Mount. Brydges, I beg to say that on July 1, 1919, a new arrangement was made regarding the remuneration paid by this Department to Dr. Woods; it was decided to pay him salary at the rate of $1,700 per annum and in addition to give him an allowance of from $100 to $300 per annum, on account of epidemics.

This arrangement was the result of the Department's effort to curtail expenditures on account of epidemics and it was in effect before classification became effective. Recently, we made a new arrangement with Dr. Woods, with the approval of the Civil Service Commission, and we are now paying him salary at a higher rate, but giving him no allowance for work during epidemics.

Yours very truly,
D.C. SCOTT, D.S.G.

The Assistant Auditor General.

Allowance to Commissioner W.M. Graham for use of Automobile

(Continuation of correspondence on page 1 - 200, Report for 1923 - 24)

DEPARTMENT OF INDIAN AFFAIRS, December 19, 1924.

DEAR SIR, - In reply to your letter on November 19th, regarding an allowance of $60 a mouth paid to Mr. W.M. Graham, Indian Commissioner at Regina, Sask., for the use of his automobile, I have to say that this allowance has been continued for some time, as an examination, of our accounts will show. The allowance has been paid from the spring of 1918 by ministerial authority, and is intended to identify Mr. Graham for the use of his car on official business. From October 9, 1923, to February 29, 1924, he was, as you state, paid on a basis of tripe actually made by him, but as this method was inconvenient, and did not appear to promise any saving, the former arrangement was resumed.

Yours very truly,
D.C. SCOTT, D.S.G.

The Assistant Auditor General.

Regina Warehouse Account: Amounts due by Employees and others for Goods Purchased

(Continuation of correspondence on page 1 - 214, Report for 1923 - 24)

DEPARTMENT OF INDIAN AFFAIRS, February 10, 1925.

SIR, - Referring to your letter of the 27th June, particularly the closing paragraph thereof, I beg to say that your requirements as therein set forth were brought to the attention of Mr. W.M. Graham, Indian Commissioner,

Regina, and he has forwarded a duplicate statement, which I enclose, of the Regina warehouse accounts as at the 31st, March, 1924, and the 31st December, 1924. Mr. Graham has drawn attention to information in the remark column to the effect that several of the accounts have since been paid and adjusted.

Your obedient servant,
J.D. McLEan, Asst. Deputy and Sec'y.

The Auditor General.

AUDITOR GENERALS OFFICE, February 11, 1925.

SIR, - I beg to acknowledge receipt of your letter of the, 10th inst., enclosing a copy of a statement, received from, Mr. Graham, of the Warehouse Accounts at Regina, with adjustments.

In this statement I notice amounts remaining unpaid by members of Mr. Graham's staff, as follows: -

E.S. Biggs, $16, $10.30 of which was incurred prior to April 1, 1924.

M. Christianson, $10.

W.J. Hay, $14.40, incurred prior to April 1, 1924.

E.O. Smitton, $24.15.

I think that it might be advisable to inform Mr. Graham that these amount, should he settled before the close of the current fiscal year.

I notice also that, accounts amounting in all to, $5,734.15, have been written off, the majority of such accounts being against Indian Agencies, or Indian Schools. I understand that Mr. Graham has discretionary powers with regard to the issue of those stores to the Indians and Indian institutions and that he can determine what articles may be issued to the Indians free of charge and what on repayment. Articles issued to others than Indians however, should be issued on repayment only. In this connection I should like to, be assured that all the charges written off were for goods distributed free of charge to Indian, or held for such distribution and that none are for goods issued free of cost to employees or others. I should like special explanations of the following items which have been written off: -

R.E. Osborne	$88 70
J.B. Templeton	12 00
V.C. Wilson	31 95
Dr. Lane	50 00
Rev. Westgate	60 77

Your obedient servant,
GEORGES GONTHIER, A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, March 12, 1925.

SIR, - Referring to your letter of the, llth instant relating to Indian warehouse accounts at Regina, I beg to say that Mr. Indian Commissioner Graham was made aware of your requirements as therein set forth, and he has made the following report, -

"All the charges, written off the warehouse books were for goods distributed free of charge to Indians or held for such, distribution, and none are for goods issued free of cost to employees or others."

"In regard to the items about which special explanation is asked, I have to state that in the case of the item of $88.70 opposite the name of R.E., Osborn, this was originally charged in the books in error against his account personally, but the items which the charge in question covered were for re-sale to Indians, and to adjust Mr. Osborn's account the item was written off in like manner as a number of accounts were written off at other Agencies for articles sent for distribution among Indians."

"The item of $50 opposite the name of Dr. Lane represents a refund on account of dental chair sold to him; the original price of which was $200. After delivery of the chair to Dr. Lane, however, it was discovered that the seat was lacking, and $150 was accepted from him in full payment and lose balance written off."

"The item of $60.77 opposite the name of Rev. T.B. Westgate, represents articles shipped for use at the Elkhorn School, which he undertook to pay as an officer of the Missionary Society. It should have been charged against the Elkborn School and was written off as a free, issue after it, had been decided to treat in the same way other accounts at other schools."

"Mr. J.B. Templeton and Mr. V.C. Wilson were at one time clerks at the Qu'Appelle, and Broadview Agencies, respectively, and when their services were dispensed with it was found that the amounts set opposite their names were owing by them for goods supplied from the warehouse, but as at that time and subsequently it was found impossible to make collection the respective items were written off."

Mr. Graham concluded his report by stating that collection of the outstanding accounts named by you will be made before the close of the current fiscal year.

I may add it is hoped that you will find the foregoing information satisfactory.

Your obedient servant,
J.D. MCLEAN, Act. D.S.G.

The Auditor General.

Note by A.G. - Outstanding account practically all collected.

Indian Trust Fund, Revenue: Asking for List of Leases

(Previous correspondence on page 1 - 221, Report for 1923 - 24)

AUDITOR GENERAL'S OFFICE, May 9, 1925.

SIR, - I beg to draw your attention to my letter of April 9th, 1924, in which I requested to be furnished with a list, of all leases of Indian lands in force on April 1st, 1923, together with full particulars regarding the same, no reply to which has as yet been received.

In order to be in a position to examine, in a satisfactory manner, this part of the revenue of your department, I should be supplied, at regular intervals, with full particulars of all leases both as regards the terms, of each lease and the payments that have been received on account thereof. I have accordingly now to request that you furnish me with a list of all leases in force on April

1st, 1924, giving in each case the terms of the lease with the amount due at that date and any payments that may have been received since, and also full particular with regard to all leases that may have been entered into subsequently.

I have further to request that in future monthly statements be sent this office showing in detail all transactions that have taken place during the preceding month with regard to leases.

Your obedient servant,
GEORGES GONTHIER, A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, May 18, 1925.

SIR, - I beg to acknowledge the receipt of your letter of May 9th on the above subject.

I have pleasure in stating that this Department will co-operate with your officers in carrying out a scheme for the audit of Indian leases which will be mutually satisfactory.

Yours very truly,
D.C. SCOTT, D.S.G.

The Auditor General.

Indian Trust Fund Revenue: Information desired in connection with Leases on a Crop Share Basis

(Continuation of correspondence on page 1 - 222, Report for 1923 - 24)

DEPARTMENT OF INDIAN AFFAIRS, December 22, 1924.

SIR, - In your letter of May 20th last you requested to be furnished with certain information relative to the issuing of crop share leases by Commissioner W.M. Graham, of Regina, in connection particularly with certain land sales on the Blackfoot Indian Reserve. I now have pleasure in supplying you with the desired information.

In a number of cases crop share leases have been granted and approved by this Department on the basis of one-third of the crop or it's value, being paid to the Department for the purpose of being credited to the sale account. These leases are subject to careful supervision and an inspector has been employed temporarily for the purpose of checking crop condition and to see that proper and sufficient return is made to the Department in accordance with the terms of the lease. Threshing operations, are checked over in order that we may know just what amount of grain has been harvested and the amount to which the Department is, therefore, properly entitled. The whole crop is marketed by the lessee, and elevator receipts handed to our official covering the amount of the Department's share. Of course it is not possible for the Department to

receive payment immediately following threshing operations, as it is sometimes advisable to defer settlement for a short time in order that both the farmer and the Department may benefit from subsequent market fluctuations. It has not been considered necessary to make provision in crop share leases for the carrying of hail insurance by the lessee.

Yours very truly,
D.C. SCOTT, D.S.G.

The Assistant Auditor General.

Contract: Bersimis combined Day School and Teacher's Residence

AUDITOR GENERAL'S OFFICE, September 16, 1925.

SIR, - Let me direct your attention to the payments made to A. Amyot, in connection with the contract for the construction of a combined day school and teacher's residence on the Bersimis Indian Reserve.

The contract price for this work was $28,980, but extras have been added to the amount of $3,819.07, making the total payments to the contractor, $32,799.07.

The contract copy sent me states that the contractor agrees to do all the work and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the contractor. These specifications are essential parts of the contract and are necessary for the proper examination of the accounts.

Other Departments submit progress estimates on contract work to this office for examination and certification prior to payment, and I am of opinion a similar course should be adopted by your Department.

Has the contractor furnished security for the proper performance of his contract and if so please let me know the disposition made of such security.

Your obedient servant,
GEORGES GONTHIER, A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, September 23, 1925.

SIR, - I am in receipt of your letter of the 16th instant with reference to the contract work for the Bersimis combined day school and teachers' residence, completed in August, 1924.

In reply I beg to say that all extras which were awarded to the contractors in connection with this building were in the nature of additional works not included in the specifications or plan. I am, therefore, sending you as per your request, a copy of the plan and specifications for verification, under separate cover.

Your obedient servant,
A.P. MACKENZIE,
for Asst. Deputy and Sec'y.

The Auditor General.

AUDITOR GENERAL'S OFFICE, September 25, 1925.

SIR, - I beg to acknowledge receipt of your letter of the 23rd inst. transmitting specifications for the combined day school and teacher's residence at Bersimis and stating that none of the extras were included in the specification.

For a proper audit of extra work on a contract, it is essential to know whether these extras were properly authorized by the architect prior to their performance, or were undertaken by the contractor and authorized at some subsequent date. Written orders from the architect should be supplied for all extras.

Your letter contains no information regarding the security which should have been furnished nor of the disposition of that security.

Your obedient servant,
GEORGES GONTHIER, A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, October 1, 1925.

DEAR SIR, - As requested by your letter of the 25th ultimo, I beg to say in connection with the contract for the erection of the combined day school and teachers' residence at Bersimis, Que., that the necessary security was furnished by the contractors, and deposited with the Finance Department until the work was fully completed and satisfactory to the Department.

Yours truly,
F.H. PAGET, Chief Accountant.

The Auditor General.

Grant towards erection of Wing, St. Bruno's Residential School

AUDITOR GENERAL'S OFFICE, June 16, 1924.

SIR, - Cheque No. 6370 issued in March last and charged against the vote for Indian Education is for the payment of $10,775.85 to Rev. C. Falher, O.M.I., as a grant towards the erection of a wing at St. Bruno's Residential School which was destroyed by fire during the winter of 1923 - 24.

According to the vouchers submitted in support of this payment, your department, with the approval of the Superintendent General of Indian Affairs offered the Bishop of Athabasca a grant of $12,000 towards the re-building. The church authorities were to be responsible for the labour on the building and were to present receipted accounts for the material purchased and for the freighting. The

payment in question represents the receipted accounts that have been presented, but a number of the receipted accounts attached to the vouchers indicate the total amount paid, without giving any particulars as to the quantity and prices of the materials furnished.

I am of opinion that the authority of the Governor in Council should have been obtained before an expenditure of this nature was incurred.

Your obedient servant,
WM. KEARNS, Asst. A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, June 24, 1924.

DEAR MR. KEARNS, - I beg to acknowledge receipt of your letter of the 16th instant with reference to the payment by this Department of a grant toward the erection of a wing at St. Bruno's Boarding School. I have noted for future reference your opinion that the authority of the Governor in Council should be obtained before expenditures of this nature are incurred.

Yours very truly,
D.C. SCOTT, D.S.G.

The Assistant Auditor General.

AUDITOR GENERAL'S OFFICE, June 26, 1924.

SIR, - I am in receipt of your letter of the 24th inst., replying to mine of the 16th with reference to a grant towards the erection of a wing at St. Bruno's Boarding School.

In your reply you state that you have noted for future reference my opinion that the authority of the Governor in Council should be obtained before expenditures of this nature are incurred.

While my previous letter did not so definitely state, still it was intended to express my opinion, not only that all future payments of a like nature should be authorized by the Governor in Council, but all that such authority should be obtained for the particular payment in question. I have accordingly to request that you take the necessary steps to obtain the approval of the Governor in Council to this grant to St. Bruno's School.

Your obedient servant,
WM. KEARNS, Asst. A.G.

The Deputy Superintendent General, Indian Affairs.

Indian Trust Fund: Refund of Payments made on Purchase of Land

AUDITOR GENERAL'S OFFICE, October 12, 1925.

SIR. - In 1911 two quarter-sections on the Blackfoot Reserve were sold to Arthur M. Grace of Medicine Hat for Krapfel and Grace under sales Nos. 242 and 243 for $4,080 and $4,140 respectively.

The terms of payment, apparently, were ten per cent on date of purchase and the balance in nine equal annual payments, with interest at five per cent per annum on the unpaid balances.

Three annual payments were made on each contract but the interest, only, was paid in each case in the fourth year. On principal account $1,224, was paid on sale No. 242 and $1,242 on sale No. 243, making a total of $2,466 on the two sales.

No further payments were made, and these sales have been cancelled recently and the lots resold.

Cheque No. 1822 of the Indian Trust Fund, 1924 - 25, was issued Lorne M. Laidlaw, for an amount of $2,466, being in full of the claim of Krapfel and Grace. This is the amount paid on the principal account under the sales contracts Nos. 242 and 243.

Please let me know the authority for the cancellation of these sales and the refund of the amounts paid thereon.

Your obedient servant,
WM. KEARNS, Asst. A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS, October 14, 1925.

SIR, - I have before me your letter of the 12th instant, with reference to the above matter, and inquiring under what authority these land sales were cancelled and refund made of the amounts paid thereon.

Cancellation of these sales was made under authority of section 61 of the Indian Act, and refund of amount of principal paid thereon was made on order of the Superintendent General based on advice of the Department of Justice as set forth in letter dated February 12, 1924.

I may say that this information has already been given to an employee of your Department.

Your obedient servant,
J.D. McLEan, Act. D.S.G.

The Assistant Auditor General.

AUDITOR GENERAL'S OFFICE, November 11, 1925.

SIR, - I beg to acknowledge receipt of your letter of October 14th with reference to the refund of payments made on the purchase of Blackfoot Reserve Lands by Krapfel and Grace.

You state that this refund was made on order of the Superintendent General based on advice of the Department of Justice as set forth in letter dated February 12th, 1924.

I shall be obliged if you will send me a certified copy of the opinion of the Department of Justice to which you refer.

Your obedient servant,
WM. KEARNS, Asst. A.G.

The Deputy Superintendent General, Indian Affairs.

DEPARTMENT OF INDIAN AFFAIR, November 13, 1925.

SIR, - In reply to your letter of the 11th instant, in the above matter, I enclose herewith certified copies of the documents requested.

Your obedient servant,
D.C. SCOTT, Deputy Superintendent General.

The Asst. Auditor General.

OTTAWA, February 12, 1924.

SIR, - I have the honour to acknowledge the receipt of your letter of 2nd instant - 104A-1-17 - with respect to the sale and cancellation of the W. 1/2 32-20-23, W.P.M., in the Blackfoot Reserve, in the Province of Alberta, in which you request to be advised as to whether the cancellation was valid under the provisions of the Indian Act, and if so whether the purchasers are entitled to any refund.

In reply I beg to state that the validity of the cancellation is not free from doubt as I am disposed to think that the interested parties should have been given an opportunity to be heard and present their views, and any evidence, if any, they may have had on their own behalf before the Superintendent General or the Deputy Superintendent General decided to annul the sale. The fact that section 61 provides. that the Superintendent must be "satisfied" before he has power to cancel seems to imply that he is required to hear all the parties before he proceeds to cancel the sale. In view of the doubt as to the validity of the cancellation and the resale of the lands to another person, I would recommend that your department make an effort to compromise the matter by refunding a portion of the purchase price paid by the assignees or the whole of the amount if it be necessary to effect a settlement. My attention has been directed to an opinion given by this department to your department in 1892 upon a similar provision in the Indian Act then in force from which it appears that the writer of the opinion has no doubt that the cancellation could be made ex parte. I am not prepared to adopt that opinion especially as the courts since the date of that opinion seem to lean more against the forfeiture of rights acquired without giving parties interested an opportunity to be heard. I would recommend that in future the department notify the parties interested of the

intention of the department to cancel and give them an opportunity to be heard. The department should specify the time and place of the hearing. The hearing can take place probably more conveniently in your department but in any case ample time should be given prior to the hearing, and when a cancellation takes place those interested should be made aware of it by notice or otherwise.

Papers, returned,
I have the honour to be, sir,
Your obedient servant,
E.L. NEWCOMBE.

The Deputy Superintendent General, Indian Affairs.

OTTAWA, December 18, 1924.

DEAR SIR, - I beg to acknowledge the receipt of your letter of 2nd instant - 104A-1-17 - upon the subject of the cancellation of the sale of the W. 1/2 32-20-23 W. 4 M., in the Blackfoot Reserve, in the Province of Alberta. You state that the amount of the purchase money, $2,466, paid to the Department, has been returned to the assignee who now demands a further sum of $1,006.40, representing the interest on the sum referred to from, the dates of payments to the date of cancellation. You wish to know whether this further sum now demanded could be legally taken from the funds of the band and paid to the applicant, having regard to the provisions of sec. 61 of the Indian Act as enacted by sec. 4, Chap. 47, 1924.

In reply I beg to state that the answer should be in the negative. It is, of course, as was pointed out in the letter from this department oil the 12th February list, doubtful whether the cancellation of the sale made by the department was effective, but the provisions of sec. 61, referred to, rendered the cancellation valid. The payment of the principal, however, was made before the passing of the Act, which was assented to on the 19th July, 1924, and no exception can therefore be taken to the refunding of the principal but the claim now for interest cannot be legally made.

YOURS truly,
W. STUART EDWARDS, D.M.J.

Commission du Service civil : Traitement d'un inspecteur de construction

(Suite de la correspondance figurant à la page I - 225 du Rapport 1923 - 24)

BUREAU DE L'AUDITEUR GÉNÉRAL, 14 juillet 1925.

MONSIEUR, - Le 4 octobre 1924, l'Auditeur général vous a écrit au sujet du traitement attaché à la position d'inspecteur de construction, demandant l'opinion de la, Commission quant à savoir si un inspecteur, employé plus ou moins continuellement à traitement quotidien de $6 ou $7 par jour, pouvait recevoir jusqu'à $180 ou $210 par mois ou si le montant payable dans un mois se limite au taux mensuel établi par la Commission.

Jusqu'ici, notre bureau n'a reçu aucune réponse à cette lettre, et comme la question dont il s'agit revient de temps à autre, nous aimerions avoir une décision précise à ce sujet.

Je suis, monsieur, votre obéissant serviteur,
J.W. REID, pour l'A.G.
Le Secrétaire de la Commission du Service civil.
COMMISSION DU SERVICE CIVIL, le 23 juillet 1925.

CHER MONSIEUR, - On me prie d'accuser réception de votre lettre du 14 courant sur la question dont il est fait mention ci-haut et de vous faire savoir qu'on vous avisera bientôt sur les points que vous avez soulevés.

Votre tout dévoué,
W. FORAN, secrétaire.

L'Auditeur général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 12 octobre 1925.

MONSIEUR, - Le 4 octobre 1924 et le 14 juillet 1925, je vous ai écrit pour demander l'opinion de la Commission sur la question de savoir si un inspecteur de construction employé à un traitement de $6 ou $7 par jour pouvait recevoir jusqu'à $180 et $210 par mois, ou si la somme payable dans un mois est limitée par le taux mensuel établi.

Le 23 juillet 1925, vous avez répondu en disant que vous nous donneriez de nouveaux renseignements sous peu.

Je n'ai reçu aucune communication de votre part depuis. J'aimerais que vous m'envoyiez ces renseignements aussitôt que possible.

Votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le Secrétaire de la Commission du Service civil.

NOTE DE L'A.G. - AU 31 décembre 1925, aucune réponse n'avait été recue à cette lettre.

Paiements à un médecin salarié pour services médicaux spéciaux

(Suite de la correspondance figurant à la page I - 229, Rapport de 1923 - 24)

DÉPARTEMENT DES AFFAIRES INDIENNES, le 13 décembre 1924.

CHER MONSIEUR, - Me reportant à votre lettre du 2 courant par laquelle vous demandez une réponse à une lettre antérieure que vous avez écrite à notre département le 3 mai 1924, au sujet de paiements faits au Dr W.H. Woods, de Mount-Brydges, je dois dire que le 1er juillet 1919 on A fait un nouvel arrangement concernant la rémunération des services du Dr WooDS par notre département. On a décidé de lui accorder un traitement de $1,700 par année et, en outre, une allocation de $100 à $300 par année, lors des épidémies.

Cet arrangement a résulté de l'effort tenté par le département pour réduire les dépenses relatives aux épidémie et il a été effectif avant la mise en vigueur de la classification. Récemment, nous avons fait un nouvel arrangement avec le Dr Woods, avec l'approbation de la Commission du Service civil. Nous lui payons maintenant un traitement plus élevé, mais il ne reçoit pas d'allocation pour son travail pendant les épidémies.

Votre tout dévoué,
D.C. SCOTT, D.S.G.

L'Auditeur général adjoint.

Allocation an Commissaire W.M. Graham pour l'usage de son automobile

(Suite de la correspondance figurant à la page I - 235, Rapport de 1923 - 24)

DÉPARTEMENT DES AFFAIRES INDIENNES, le 19 décembre 1924.

CHER MONSIEUR, - En réponse à votre lettre du 19 novembre concernant une allocation de $60 par mois accordée à M.W.M. Graham, commissaire des Indiens à, Régina, Sask., pour l'usage de son automobile, je dois dire que cette allocation lui a été payée il y a quelque temps, comme l'indiquent nos comptes. Cette somme lui a été remise au printemps de 1918, par l'autorisation du ministère, et elle a pour but de le dédommager pour l'usage de son auto pendant ses voyages officiels. Du 9 octobre 1923 au 29 février 1924, on le payait au voyage, mais comme ce mode était incommode et ne semblait pas plus économique, nous sommes revenus à l'arrangement primitif.

Votre tout dévoué,
D.C. SCOTT, D.S.C.

L'Auditeur général adjoint.

Compte de l'Entrepôt de Régina : Montants dus par des employés et autres pour achats de marchandise

(Suite de la correspondance et la page I - 248, Rapport de 1923 - 24)

DÉPARTEMENT DES AFFAIRES INDIENNES, le 10 février 1925.

MONSIEUR, - Relativement à votre lettre du 27 juin, et tout particulièrement au sujet du dernier paragraphe de celle-ci, je vous ferai remarquer que j'ai attiré l'attention de M.W.M. Graham, commissaire des Indiens à Régina, sur vos

remarques. II m'a transmis un état en double, que j'inclus, des comptes de l'entrepôt de Régina au 31 mars 1924, et au 31 décembre 1924. M. Graham nous prie de prendre connaissance des renseignements contenus dans la colonne des remarques où il est démontré que plusieurs de ces comptes ont depuis été payés et réglés.

Votre obéissant serviteur,
J.D. McLEAN, sous-surintendant adj. et sec.

L'Auditeur général.

BUREAU DE L'AUDITEUR, 11 février 1925.

MONSIEUR, - Je vous accuse réception de votre lettre du 10 courant, ainsi que copie de l'état transmis par M. Graham concernant les comptes de l'entrepôt de Régina, avec les règlements effectués.

Dans cet état je relève les montants suivants qui n'ont pas encore été payés par des membres du personnel de M. Graham :

E.S. Biggs, $16, dont la somme de $10.30 représente une dépense antérieure au 1er avril 1924.

M. Christianson, $10.

W.J. Hay, $14.50, dépense faite avant le 1er avril 1924.

E.O. Smitton, $24.15.

Il serait bon d'avertir M. Graham, je crois, que ces comptes devraient être réglés avant la fin de l'année financière courante.

Je constate également que des comptes formant la somme totale de $5,734.15 ont été biffés, dont la majeure partie était due par des agences et des écoles indiennes. Je comprends que M. Graham peut, à sa discrétion, distribué ces effets aux Indiens et aux institutions indiennes et déterminer quels sont ceux qui seront distribués gratis ou contre remboursement. Cependant les effets fournis à remboursement. A ce sujet j'aimerais à être assuré que tous les comptes biffés l'ont été pour des effets distribués gratuitement aux Indiens ou gardés à cette fin et qu'il ne s'agit aucunement d'effets fournis gratuitement à des fonctionnaires ou à d'autres. Je désirerais des explications au sujet des item suivants qui ont été biffés :

...	R.E. Osborne $	88 70
...	J.B. Templeton	12 00
...	V.C. Wilson	31 95
...	Dr. Lane	50 00
...	Rev. Westgate	60 77

Je suis, monsieur, votre obéissant serviteur,
GEORGES GONTHIER, A.G.

Le Surintendant général adjoint des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, 12 mars 1925.

MONSIEUR, - Me reportant à votre lettre du 11 courant concernant les comptes de l'entrepôt des Indiens à Régina, je vous ferai remarquer que M. Graham, le commissaire des Indiens, a pris connaissance de votre lettre et fait le rapport suivant : -

"Tous les comptes biffés l'ont été pour des effets distribués gratuitement aux Indiens ou gardés à cette fin et il ne s'agit aucunement d'effets fournis gratuitement à des fonctionnaires ou à d'autres."

Suivent les explications désirées, tout particulièrement au sujet de certains comptes : "En ce qui concerne les $88.70 portés au compte de R.E. Osborne, je vous ferai remarquer que cette somme a été inscrite par erreur au compte personnel de M. Osborne. Il s'agit d'effets revendus aux Indiens, et nous avons ainsi biffé ce montant, comme l'ont été un certain nombre de comptes aux autres agences, pour des effets qui, devaient être distribués aux Indiens.

"La somme de $50, au compte du Dr Lane, représente un remboursement effectué sur le prix de vente d'une chaise de dentiste. On la lui avait vendue $200 d'abord, mais on découvrit, après l'avoir livrée, que le siège manquait, et on accepta la somme de $150 en règlement et ainsi il fallut biffer la différence.

"La somme de $60.77, au compte du Rév. T.B. Westgate, représente des effets expédiés à l'école d'Elkborn, que ce révérend monsieur s'était engagé à payer en sa qualité d'officier d'une société de missionnaires. On aurait dû la, porter au compte de l'école d'Elkborn et elle fut biffée comme distribution gratuite lorsqu'on décida de traiter ce compte comme ceux des autres écoles.

"M.J.B. Templeton et M.V.C. Wilson étaient autrefois commis aux agences de Qu'Appelle et de Broadview respectivement, et lorsqu'ils furent renvoyés on constata qu'ils devaient les sommes en question pour des marchandises obtenues de l'entrepôt. Mais comme nous n'avons pu, alors ni subséquemment, obtenir remboursement, nous avons biffé ces sommes."

M. Graham termine son rapport en disant que les comptes en souffrance, dont vous faites mention, seront réglés avant la fin de l'année financière.

J'espère que les renseignements susmentionnés seront de nature à vous satisfaire.

Votre obéissant serviteur,
J.D. McLEAN, S.S.G. adj.

L'Auditeur général.

NOTE DE L'A.G. - Les comptes en souffrance ont pratiquement tous été réglés.

Compte de Fiducie des Indiens, Réserve : Liste des Baux

(Suite de la correspondance à, la page I - 256, Rapport de 1923 - 24)

BUREAU DE L'AUDITEUR GÉNÉRAL, le 9 mai 1925.

MONSIEUR, - Je me permettrai d'attirer votre attention sur ma lettre du 9 avril 1924. Je vous y demandais de me fournir une liste de tous les baux de terres d'Indiens en vigueur au 1er avril 1923, ainsi que tous les détails s'y rapportant, et je n'ai pas encore reçu de réponse.

Afin de pouvoir examiner d'une manière satisfaisante cette partie dû revenu de votre département, il me faudrait à intervalles réguliers des détails complets sur tous les baux, détails relatifs aux termes de chaque bail et aux

paiements reçus à compte. C'est pourquoi je vous demande aujourd'hui de me fournir une liste du tous les baux en vigueur au 1er avril 1924, avec, dans chaque cas, les termes du bail ainsi que le montant dû à cette date et tous paiements, faits subséquemment, de même que des détails complets sur les baux qui ont été passés depuis cette date.

Vous voudrez bien aussi transmettre à l'avenir à ce bureau des relevés mensuels signalant en détail toutes les transactions faites durant le, mois président et se rapportant aux baux.

Je demeure, monsieur, votre obéissant serviteur,
GEORGES GONTHIER, A.G.

Le Surintendant général adjoint des Affaires, indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, 18 mai 1925.

MONSIEUR, - Je vous accuse réception de votre lettre du 9 mai relative à la, question ci-haut mentionnée.

Je suis heureux de déclarer que ce département travaillera de concert avec vos officiers pour adopter un plan destiné à vérifier les baux des Indiens d'une manière qui sera satisfaisante pour tous.

Votre bien dévoué,
D.C. SCOTT, S.S.G.

L'Auditeur général.

Revenu du fonds de fiducie des Indiens; renseignements désirs au sujet des baux pour métayage

(Suite de la correspondance de la page I - 256, Rapport 1923 - 24)

DÉPARTEMENT DES AFFAIRES INDIENNES, 22 décembre 1924.

MONSIEUR, - Dans votre lettre du 20 mai dernier, vous m'avez demandé de vous fournir certains renseignements relatifs à l'émission de baux de métayage par le commissaire W.M. Graham, de Régina, et en particulier au sujet de certaines ventes de terres sur la réserve des Indiens Pieds-Noirs. J'ai le plaisir de vous donner dans la présente les renseignements désirés.

Dans un bon nombre de cas, les baux de métayage ont été accordés et approuvés par ce département sur la base d'un tiers de la récolte ou de sa valeur payée au département pour être portée au crédit du compte de vente. Ces baux sont assujetis à une surveillance attentive de la part d'un inspecteur emplois temporairement dans le but de s'assurer des conditions de la récolte et de voir à ce qu'un rapport convenable et suffisamment détaillé soit envoyé au département, conformément aux termes des baux. Les travaux de battage sont surveillés afin de savoir au juste la quantité de grain récolté et le montant que le département a, par suite, droit de toucher. Toute la récolte est mise, sur le marché par le métayer et les reçus d'élévateur sont remis à notre fonctionnaire pour couvrir la

part du département. Certes, il n'est pas possible que le département reçoive le paiement immédiat après les travaux de battage, vu qu'il est parfois préférable de différer le règlement pour quelque temps, afin de faire profiter le métayer et le département des fluctuation du marché. On n'a pas cru nécessaire d'insérer dans les baux une clause pour obliger le métayer à prendre une assurance contra la grêle.

Votre bien dévoué,
D.C. SCOTT, S.S.G.

Contrat : Externat combiné avec résidence de l'instituteur à Bersimis

BUREAU DE L'AUDITEUR GÉNÉRAL, 16 septembre 1925.

MONSIEUR, - Permettez-moi d'attirer votre attention sur les paiements faits à A. Amyot, au sujet du contrat pour la construction d'un externat combiné avec une résidence pour l'instituteur sur la réserve de Bersimis.

Le prix du contrat pour cette construction était de $28,980, mais il, a été ajouté des suppléments pour un montant de $3,819.07 ce qui forme une somme totale de $32,799.07 payée à l'entrepreneur.

La copie du contrat que vous m'avez envoyée stipule que l'entrepreneur consent à faire tous les travaux et à fournir tous les matériaux de la meilleure qualité désignés sur les plans et décrits dans les devis marqués "A" et "B" respectivement et signés par l'entrepreneur. Ces devis forment une partie essentielle du contrat et sont nécessaires pour l'examen des comptes.

Les autres départements soumettent à ce bureau pour les faire examiner et approuver avant paiement des rapports sur le progrès des travaux, et je suis d'avis que votre d'épatement devrait adopter une méthode semblable.

L'entrepreneur a-t-il donné une garantie pour la bonne exécution de son contrat? Dans l'affirmative, veuillez me dire ce qu'on a fait de cette garantie.

Je demeure, monsieur, votre obéissant serviteur,
GEORGES GONTHIER, A.G.

Le Surintendant général adjoint des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, le 23 septembre 1925.

MONSIEUR, - J'ai reçu votre lettre du la courant au sujet d'un contrat pour la construction d'un bâtiment devant servir à la fois d'école et de résidence polar l'instituteur à Bersimis, travaux terminés en août 1924.

En réponse, je puis vous dire que tous les suppléments accordés à l'entrepreneur au sujet de cette construction comportent tous des travaux additionnels non compris dans les devis et les plans. C'est pourquoi, je vous envoie, sous un autre pli, une copie des plans et devis pour vérification.

Votre obéissant serviteur,
A.P. MACKENZIE, pour le sous-sur. et sec.

L'Auditeur général.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 25 septembre 1925.

MONSIEUR, - J'ai l'honneur de vous accuser réception de votre lettre du 23 courant contenant les devis relatifs à la construction devant servir à la fois d'école et de résidence pour l'instituteur à Bersimis et disant que ces devis ne faisaient aucune mention des travaux supplémentaires.

Afin de procéder à un apurement convenable des travaux supplémentaires relevant d'un contrat quelconque il est essentiel de savoir si ces travaux supplémentaires ont été autorisés par l'architecte avant leur exécution ou s'ils ont été effectués par l'entrepreneur et approuvés à une date ultérieure. Des instructions écrites doivent provenir de l'architecte dans le cas de tout ouvrage supplémentaire.

Votre lettre ne contient aucun renseignement au sujet des garanties à fournir ni sur l'emploi qui en a été fait.

Je demeure, monsieur, votre obéissait serviteur,
GEORGES GONTHIER, A.G.

Le Surintendant général adjoint des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, 1er octobre 1925.

MONSIEUR, - Conformément au désir que vous avez exprimé dans votre lettre du 25 écoulé, je dois vous informer que relativement au contrat accordé pour la construction d'un édifice devants servir à la fois d'école et de résidence pour l'instituteur à Bersimis, Qué., les garanties nécessaires ont été fournies par les entrepreneurs et déposées au ministère des Finances, en attendant la fin des travaux, et jusqu'à ce que le ministère les ait déclarés satisfaisants.

Bien à vous,
F.H. PAGET, comptable en chef.

L'Auditeur général.

Octroi aux fins de construction d'une aile au pensionnat de St-Bruno

BUREAU DE L'AUDITEUR GÉNÉRAL, le 16 juin 1924.

MONSIEUR, - Le chèque no 6370 émis en mars dernier et imputé sur le crédit destiné à l'Instruction des Sauvages est pour couvrir le paiement de $10,775.85 au révérend Père C. Falher, O.M.I. à titre d'octroi pour les fins de construction d'une aile au pensionnat de St-Bruno qui a été détruite par un incendie pendant l'hiver de 1923 - 24.

D'après les pièces justificatives soumises à l'appui de ce paiement, votre département, avec la sanction du surintendant général des Affaires indiennes, avait offert à l'évêque d'Athabasca un octroi de, $12,000 pour les fins de reconstruction. Les autorités ecclésiastiques devaient se charger de la main-d'oeuvre pour ces travaux et présenter les comptes dûment acquittés pour les matériaux

achetés et transportés. Le paiement en question représenté les comptes acquittés qui ont été soumis mais un certain nombre des reçus attachés aux pièces justificatives n'indique que 1a montant total qui a été payé sans donné les détails quant à la quantité et la prix, des matériaux fournis.

C'est mon opinion que l'on aurait dû obtenir l'autorisation du Gouverneur en conseil avant d'encourir une dépense de ce genre.

Je demeure, monsieur, votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le Surintendant général adjoint des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, 24 juin 1924.

CHER M. KEARNS, - J'ai l'honneur de vous accuser réception de votre lettre du la courant relativement à l'octroi payé par ce département pour les fins de construction d'une aile au pensionnat de St-Bruno. Je prends note pour les cas à venir de votre opinion relativement à la nécessité d'obtenir l'autorisation du Gouverneur en conseil avant d'encourir des dépenses de ce genre.

Bien vous,
D.C. SCOTT, S.S.G.

L'Auditeur général adjoint.

BUREAU DE L'AUDITEUR GÉNÉRAL, 26 juin 1924.

MONSIEUR, - Je reçois à l'instant votre lettre du 24 courant en réponse à ma lettre du 16 de ce mois relativement à un octroi pour les fins de construction d'une aile au pensionnat de St-Bruno.

Vous ne dites bien dans votre réponse que vous prenez note, pour les cas à venir, de mon opinion sur la nécessité d'obtenir l'autorisation du Gouverneur en conseil avant d'encourir des dépenses de ce genre.

Bien que je ne l'aie pas expressément déclaré dans ma première lettre, mon intention était cependant de vous faire connaître mon opinion formelle que non seulement l'autorisation du Gouverneur en conseil devait être obtenue pour tout paiement de ce genre qui sera jugé nécessaire à l'avenir, mais que cette autorisation devait être aussi obtenue pour le paiement des travaux en question. Je me vois donc dans l'obligation de vous demander de prendre les mesures nécessaires pour faire approuver par le Gouverneur en conseil cet octroi à l'école de Saint-Bruno.

Je demeure, monsieur, votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le Surintendant général adjoint des Affaires indiennes.

Fonds de fiducie des Sauvages : Remboursements de paiements pour achat de terres

BUREAU DE L'AUDITEUR GÉNÉRAL, le 12 octobre 1925.

MONSIEUR, - En 1911, deux quarts, de section de la réserve des Pieds-Noirs ont été vendus à Arthur M. Grace, de Medecine-Hat, pour le compte de Krapfel et Grace, les contrat, de vente portant les numéros 242 et 243 et les prix de vente étant de $4,080 et $4,140, respectivement.

Le paiement, semble-t-il, devait être fait de la manière suivante : dix pour cent comptant lors de l'achat et la balance en neuf paiements annuels égaux avec intérêt au taux de cinq pour cent par an sur les montants impayés.

Trois paiements annuels ont été faits sur chacun des contrats, mais l'intérêt seul a été pays dans chaque cas la quatrième année. On a payé au compte du principal un montant de $1,224 sur la vente No 242 et un montant de $1,242 sur la vente No 243, faisant, au total, $2,466 sur les deux ventes.

Aucun autre paiement n'a été fait, et ces ventes ont été annulées récemment et les lots revendus.

On a émis à Lorne M. Laidlaw le chèque No 1822 tiré sur Je Fonds de fiducie des Sauvage pour le montant de $2,466, couvrant le montant intégral de la réclamation de Krapfel et Grace. Ce montant représente ce qui a été payé au compte du principal pour les ventes dont les contrats portent les numéros 242 et 243.

Veuillez donc me dire quelle autorité vous a permis d'annuler ces ventes et de rembourser les montants payés.

Je suis, monsieur, votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le sous-surintendant général des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, le 14 octobre 1925.

MONSIEUR, - J'ai sous les yeux votre lettre du 12 courant portant sur la question ci-dessus indiquée et me demandant quelle autorité nous a permis d'annuler les ventes de ces terres et de rembourser les montants payés.

Les ventes de ces terres ont été annulées aux termes de l'article 61 de la Loi des sauvages et le remboursement du montant du capital payé a été fait suivant les instructions du surintendant général basses sur l'avis du ministère de la Justice contenu dans la lettre du 12 février 1924.

Je puis ajouter que ce renseignement a déjà été donné à un emplois de votre département.

Votre obéissant serviteur,
J.D. McLEAN, S.S.G. Suppléant.
L

'Auditeur général adjoint.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 11 novembre 1925.

MONSIEUR, - Permettez-moi de vous accuser réception de votre lettre du 14 octobre ayant trait au remboursement des paiements faits sur le prix d'achat de terrains de la réserve des Pieds-Noirs par Krapfel et Grace.

Vous déclarez que ce remboursement a été fait suivant les instructions du surintendant général basses sur l'avis du ministère de la Justice contenu dans la lettre du 12 février 1924.

Je vous serai reconnaissant de bien vouloir m'envoyer une copie certifiée de l'opinion du ministère de la Justice à laquelle vous faites allusion.

Je suis, monsieur, votre obéissant serviteur,
WM. KEARNS, A.G. adj.

Le Surintendant général adjoint des Affaires indiennes.

DÉPARTEMENT DES AFFAIRES INDIENNES, le 13 novembre 1925.

MONSIEUR, - En réponse à votre lettre du 11 courant ayant trait à la question indiquée ci-dessus je vous envoie sous ce pli des copies certifiées des documents demandés.

Votre obéissant serviteur,
D.C. SCOTT, S.S.G.

L'Auditeur général adjoint.

OTTAWA, le 18 décembre 1924.

CHER MONSIEUR, - Je vous accuse réception de votre lettre du 2 de ce mois - 104A-1-17 - à propos de l'annulation de la vente de W. 1/2 32-20- 23 W. 4 M., sur la réserve des Pieds-Noirs, dans la province de l'Alberta. Vous me dites que le prix d'achat, soit $2,466.00 versé au département a été renvoyer au mandataire qui demande maintenant $1,006.40 en sus, à titre d'intérêts sur la somme susmentionnée pour le temps compris entre les dates de payement et la date de l'annulation. Vous désirez savoir si ce supplément exigé peut être légalement pris à même les fonds de la tribu et remis au requérant, vu les dispositions de l'article 61 de la loi des Indiens telles qu'établies par l'article 4 du chapitre 47, 1924.

Je désire vous faire savoir que ma réponse est négative. Il reste douteux, comte le portait la lettre émanée de ce département, à la date du 12 février dernier, que l'annulation de vente effectuée par les, soins du département devient effective, bien que les dispositions de l'article 61 invoquées puissent valider cette annulation. Toutefois le versement du principal s'est fait avant l'adoption de la loi ratifiée le 19 juillet 1924, ce qui élimine toute possibilité de refus du remboursement du principal, bien que légalement l'on ne puisse maintenant exiger le versement des intérêts.

Bien à vous,
W. STUART EDWARDS, D.M.J.
OTTAWA, le 12 février 1924.

MONSIEUR, - J'ai l'honneur d'accuser réception de votre lettre du 2 courant - 104A-1-17 - relativement à la vente et à l'annulation de l'O. 1/2 32-20-23, O.Q.M., dans la réserve des Pieds-Noirs, dans la province de l'Alberta, dans laquelle vous demandez d'être avisé si l'annulation était valide en vertu des dispositions de la Loi des Indiens, et si les acquérants ont droit à un remboursement.

En réponse, je désire déclarer que la validité de l'annulation n'est pas exempte de doute car je suis porté à croire que les parties intéressées auraient dû avoir l'occasion d'être entendues et de soumettre leurs, opinions et tout témoignage, s'il y en eut, qu'elles auraient pu présenter pour leur propre défense avant, que le surintendant général ou le sous-surintendant général décide d'annuler la vente. Le fait que l'article 61 stipule que le surintendant doit être "persuadé" avant d'avoir le pouvoir d'annuler semble impliquer qu'il est tenu d'entendre toutes les parties avant de procéder à l'annulation de la vente. Etant donné le doute qui existe quant à la validité de l'annulation et de la revente à une autre personnel je recommanderais que votre département fasse un effort pour effectuer un compromis en remboursant une partie du prix d'achat payé par les syndics ou le plein montant, si c'est nécessaire, pour assurer un règlement. On a attiré mon attention sur une opinion donnée par ce ministère à votre département en 1892 sur une disposition semblable dans la Loi des Indiens alors en vigueur d'où il se dosage que l'auteur de l'opinion n'a pas de doute que l'annulation puisse être faite ex parte.

Je ne suis pas disposé à adopter cette opinion, étant donné particulièrement que les tribunaux, depuis la date de cette opinion, semblent se prononcer davantage contre la perte de droits acquis sans donner aux parties intéressées l'occasion de se faire entendre. Je recommanderais qu'à l'avenir le département avertît les parties intéressées de l'intention du département d'annuler et leur donne l'occasion de se faire entendre. Le département devrait spécifier le temps et l'endroit de l'audition. L'audition peut être tenue probablement avec plus d'aisance dans votre département, mais dans tous les cas un temps suffisant devrait être alloué antérieurement é l'audition, et quand une annulation est effectuée les intéressés devraient en être informés par avis ou autrement.

Documents renvoyés.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,
E.L. NEWCOMBE,

Le Surintendant général adjoint des Affaires indiennes.
