INTRODUCTION

DONNÉES HISTORIQUES

Les introductions des instruments de recherche MG 26 O 7 et MG 26 O 10 brossent un portrait général des événements qui ont marqué le premier et le second règnes de l'administration Trudeau (1968-1979 et 1980-1984). Nous vous invitons à les consulter pour obtenir des renseignements à ce sujet.

ORGANISATION DE LA SÉRIE

La série de documents secrets provient de plusieurs segments identifiés comme "secrets" qui ont été transférés en dépôt aux Archives nationales du Canada de 1981 à 1984.

Le premier dépôt, en décembre 1981, comprenait des documents extraits de la correspondance du CPM de 1968 à 1979, classés avec la même cote à laquelle on a ajouté la mention "secret" ou "top secret". Compte tenu des changements apportés au système de classification, ces documents constituent trois séries distinctes. Des documents non-cotés forment une quatrième série classée en ordre alphabétique:

- Dossiers-sujets secrets en ordre numérique, 1968-1976 (vols. 1-27)
- Dossiers-sujets secrets en ordre numérique, 1976-1977 (vols. 28-31)
- Correspondance secrète en ordre chronologique, 1975-1979 (vols. 31-33)
- Dossiers-sujets secrets en ordre alphabétique, 1969-1975 (vols. 35-37)

Le second dépôt en juillet 1983, incluait des documents secrets relatifs à la Crise d'octobre:

- Centre d'opérations stratégiques, 1969-1971 (vols. 38-47)

Le dernier dépôt, en juin 1984 comprenait trois segments identifiés "secrets".

Un premier segment était constitué des documents secrets touchant surtout le travail de Jim Davey de 1968 à 1973. Durant cette période, Jim Davey occupait la fonction de secrétaire de programme au CPM; il a également été chef du Centre d'opérations stratégiques durant la Crise d'octobre:

- Dossiers-sujets de Jim Davey, 1968-1973 (vols. 48-56)

Un autre segment comprenait des brouillons de discours et des documents touchant principalement le travail de Roger Rolland et de Ivan Head. Roger Rolland a été adjoint spécial au CPM en 1968-1973, il a travaillé au Bureau du Premier ministre à Montréal et à la rédaction française des discours. Ivan Head a été adjoint législatif (1968-1971), adjoint spécial (1971-1974) et Conseiller principal en relations internationales (1973-1977).

- Dossiers-sujets de Roger Rolland, 1968-1973 (vols 57-62)
- Ébauches de discours du premier ministre, 1968-1977 (Vols. 63-69)
- Dossiers-sujets de Ivan Head, 1973-1977 (Vols. 70-71)

Enfin, un dernier segment comprenait des documents extraits de la correspondance du CPM de 1979 à 1984, classés par numéro chronologique. Ces documents complètent les documents reçus en dépôt en décembre 1981.

- Correspondance secrète en ordre chronologique, 1979-1984 (vols. 33-34)

La série de documents secrets se divise donc en 10 parties. Voici le contenu de chacune de ces sous-séries :

PARTIE 1: Dossiers-sujets secrets en ordre numérique, 1968-1976 (vols. 1-27)

Les dossiers-sujets datant de 1968 à 1976 sont classés par matières selon le système de classification décimal utilisé dans les cabinets des premiers ministres canadiens Diefenbaker, Pearson et Trudeau. Ce système est le même que celui utilisé pour la correspondance prioritaire des mêmes années. On peut trouver une description de ce système dans l'introduction de l'instrument de recherche de la série MG 26 O 7 aux pages ix à xii. Les dossiers étaient identifiés comme secrets ou top secrets et comprennent non seulement de la correspondance mais aussi des cahiers de breffage. Les sujets que l'on retrouve en plus grande quantité sont: les relations fédérales-provinciales (vols. 5-11), le Cabinet (vols. 12-14), les voyages du Premier ministre (vols. 15-18), les relations extérieures (vols. 22-27).

PARTIE 2: Dossiers-sujets secrets en ordre numérique, 1976-1977 (vols. 28-31)

Les dossiers-sujets datant de 1976 à 1977 sont classés par matières selon la nouvelle version du système de classification décimale utilisée pour la correspondance prioritaire de cette période. On peut trouver une description de ce système dans l'introduction de l'instrument de recherche de la série MG 26 O 7 aux pages xii à xv. Les dossiers étaient identifiés comme secrets ou top secrets et comprennent non seulement de la correspondance mais aussi des cahiers de breffage. Les sujets que l'on retrouve en plus grande quantité sont: les Affaires extérieures (vol. 28) et le Cabinet (vol. 29).

PARTIE 3: Correspondance secrète en ordre chronologique, 1975-1979 (vols. 31-33)

Cette partie regroupe principalement la correspondance secrète extraite de la correspondance du CPM de 1978 à 1979. Comme on peut le voir dans l'introduction de l'instrument de recherche de la série MG 26 O 9, pages vii à ix, on introduit, en 1978, un système de traitement automatisé du courrier ce qui a pour conséquence que les lettres prioritaires sont dorénavant classées par ordre chronologique comme la correspondance générale. Les répertoires décrits à la page viii de l'introduction de l'instrument de recherche de la série MG 26 O 9 incluent les lettres classées secrètes.

Nous avons regroupé avec cette série quelques lettres datant de 1975 à 1977 qui n'avaient pas été classées avec un code décimal-sujet.

PARTIE 4: Correspondance secrète en ordre chronologique, 1979-1984 (vols. 33-34)

Cette série s'échelonne de la date du retour au pouvoir de Trudeau, en mars 1980 jusqu'à sa démission en juin 1984. Elle est classée selon le même système informatisé que la précédente partie. On peut retrouver la description du système et la liste des répertoires dans l'introduction de l'instrument de recherche de la série MG 26 O 10, aux pages v à vii.

PARTIE 5: Dossiers-sujets secrets en ordre alphabétique, 1969-1975 (vols. 35-37)

Nous avons regroupés ici des documents qui n'étaient pas classés ni par ordre numérique des sujets ni par ordre chronologique. On y retrouve principalement les documents du Cabinet politique (vols. 35-37) et des notes de breffage.

PARTIE 6: Centre d'opérations stratégiques, 1969-1971 (vols. 38-47)

Au début de la Crise d'octobre, on crée, sous la direction de Jim Davey, le Centre des opérations spéciales, plus tard appelé Centre d'opérations stratégiques, pour étudier la situation, ramasser de la documentation et proposer des stratégies. La documentation accumulée par ce groupe a été classée par ordre alphabétique. On retrouve cependant des documents classés sous des sujets spécifiques à l'intérieur de la sous-série. Les sujets "Diary" (vols. 38-39) et "General" (vols. 42-43) regroupent chronologiquement des documents produits au jour le jour. Le sujet "FLQ Documentation" (vols. 40-42) comprend des documents en ordre numérique. Nous avons regroupé sous le sujet "Media" (vols. 44-46) les coupures de presse et les revues de presse classées par ordre chronologique. Des copies de correspondance du CPM (vols. 46-47) se retrouvent classées en ordre chronologique sous le sujet "PMO Correspondence."

PARTIE 7: Dossiers-sujets de Jim Davey, 1968-1974 (vols. 48-56)

Ces documents ont été classés par ordre alphabétique des sujets. Ils ont rapport probablement au travail de Jim Davey comme secrétaire de programme au CPM. La plus grande partie (vols. 50-54) concerne les notes de service préparatoires aux réunions du Comité des priorités et de la planification du Cabinet des ministres. On retrouve également plusieurs résultats de sondages faits entre 1968 et 1974 (vols. 55-56).

PARTIE 8: Dossiers-sujets de Roger Rolland, 1968-1973 (vols 57-62)

Ces documents ont été classés par ordre alphabétique des sujets. Ils documentent principalement le travail de Roger Rolland comme adjoint spécial au CPM et les activités du bureau du Premier ministre à Montréal. Les sujets concernent la province de Québec. On y retrouve des dossiers de planification de visite du Premier ministre au Québec (exemple Carnaval de Québec vol. 57), une stratégie de rédaction des discours du Premier ministre (vol. 61), des documents de la section Québec du Parti libéral du Canada (vol. 61). Il y a aussi de la correspondance reçue par le bureau de Montréal (vols. 57-59), de la correspondance personnelle de Roger Rolland (vol. 60) et de la correspondance entre le CPM et le bureau de Montréal (vols. 60-61).

PARTIE 9: Ébauches de discours du premier ministre, 1968-1977 (Vols. 63-69)

Nous avons regroupé en ordre chronologique les ébauches de discours faisant partie des

documents attribués à Roger Rolland et Ivan Head. Certains discours passaient par plusieurs étapes avant d'être présentés au Premier ministre. Roger Rolland a participé, entre 1968 et 1973 à la rédaction de discours en langue française tandis que Ivan Head a fait de même pour les discours en langue anglaise portant surtout sur la politique internationale.

Des copies de discours publiés et non annotées ont été mises de côté pour éviter de dédoubler celles que l'on retrouve dans la série du Bureau de presse (MG 26 O 13, vols. 40-53).

PARTIE 10: Dossiers-sujets de Ivan Head, 1973-1977 (Vols. 70-71)

Ces dossiers concernent les conférences du Commonwealth de 1973 à 1978 et la Compagnie F.T. Fisher's Sons Ltd. en 1977.
